# A Broad Smile

Looking at the pictures  
which are hung on the wall  
of my mind one by one,  
over and over again  
Beautiful images which brighten the day  
And some put broad smile on my face  
It takes me to an amazing tour  
from my childhood to the present  
The most enchanting moments  
Which I love to remember  
There are many more clicks  
yet to be taken and archived  
Which can be reviewed  
to keep me engaged  
when loneliness creeps in me  
And then no more I am alone

# A Change

The view from windows are different  
and everything is changing around us  
But we are same in the old state  
though our view points change  
When you want to change  
for the sake of your loved ones  
your conscience don't allow  
and also you don't feel free to indulge  
Then you are in state of discomfort  
and climate within you alters  
To compromise you close your eyes  
and permit others to be free  
And you breathe the air of their freedom  
But are you satisfied and happy?

# A Love Note

Love is not about giving flowers  
Or presenting precious gifts  
Love is not about giving cards  
with impressive quotes on a Valentine's day  
Love is the true feeling that both share  
When frequency between the two matches  
and It is perfect when both are satisfied  
It is the invisible connection of heart  
which a dictionary can't define  
It's complete when heart and body unites  
When two souls become a single soul  
and no force can separate

# A New Meaning To Life

You are the sun that  
Gives warmth from dawn to dusk  
You are the moon that  
Brightens my dark night  
You are rain drops that  
Gives me ocean of love  
You are the rainbow that  
Adds colors in my life  
You are the echo that  
Fills into the emptiness of life  
You are the fragrance that  
Perfumes my life  
You are nectar that  
Makes me more sweet  
You are dew from heaven  
That refreshes my day  
You are gem that  
adds my beauty from within  
You are the breeze i breath  
That keeps me alive  
You are my shadow that  
Walks along with me  
You are my eye sight  
Through you I see the world  
You are the star that  
Always twinkles in my heart  
You came into my life to  
Give a new meaning

# A Perfect Bake

Sift yourself to remove  
the husk from your life  
The finer you are  
the perfect will be the bake  
Embellish your cake creatively  
Serve your delicious dessert all  
The slice be enjoyed layer by layer  
And let them finish the treat fast

Rini Shibu

# A Reason To Sing

Your love is like music  
flowing into my cells  
It evoke the emotions in me  
Bursting the cocoons in my heart.

The colorful wings fly around  
And my lips sings a new song  
The flowers bloom at every note  
The Bumble Bees hum along.

The music drifts through flowers  
The fragrance spreads in the air  
And as we float in ardent love  
The clouds descends upon us.

# A Song For Tomorrow

When i sing a song  
It's from my heart  
When i say a word  
It's from my mind  
Spiced up with happiness  
and seasoned with sorrow  
These prints are leaves  
hanging at the tip of a twig  
Waiting for a blow of wind  
to be carried away  
to the distant place  
Because tomorrow  
If I am not there at your side  
My song will stay  
close to your heart  
And will be hummed  
by your lips

Rini Shibu

# A Wiggled Clown

So funny to see people  
peeping into others life  
A wiggled clown  
with glasses  
may pop around  
What they gain from  
little details  
Taking pride to disclose  
their personal matters  
Do they get pleasure  
in imitating or copying  
Isn't this mirroring  
a little dramatic  
The second hand show  
lack perfection  
Which always lack  
the essence of the origin  
And at the end of the show  
they are never happy

Rini Shibu

# Abortion

Conceiving a dream and desire of a woman  
But if it's a result of a rape or incest  
A trauma which she carries life long  
When her purity is robbed off.

Effects of social stigma and the shame  
Leads to stress and mental depression  
This battle in the brain that roots  
In every woman who is a victim of a rape.

Whether to give birth when father is unknown  
An unintended pregnancy which is unwanted  
Worst thing which she don't want to remember  
The only option and choice left is 'the abortion'.

But is that going to wipe out the problems  
How to kill a life which is the God's creation  
The foetus like her a victim of the crime now  
An unborn who has equal rights to live.

Will anyone accept and welcome her in life?  
Are you ready to adopt that child?  
Will you treat that innocent baby as your child?  
The unanswered questions and endless pains.

Protect her life and support her mentally  
Is the plead of every woman in this world  
Encourage her to face the life boldly and  
Allow her to choose peacefully, it's her right.

# Absence

When feelings are not valued  
you get hurt and  
When you are ignored  
It cause deep heartaches  
Irrespective of their flaws  
if you value and respect them  
from the depth of your heart  
It's a message that  
still you love them  
And thus you can make this earth  
a paradise by doing sweet things  
And that is love from your heart  
Which will be realised  
Atleast in your absence

Rini Shibu

# Adorn Life

People come and leave  
like different seasons  
Small moments of happiness  
spend time with them  
give life time memories  
So enjoy every bit  
of this journey  
Frame the captured moments  
to adorn your life  
which turns into sweet memories

Rini Shibu

# Am Just A Dust

My vision is getting blurred  
I cant see myself  
Only you are in my sight  
so radiant and bright  
The songs I write for you  
from the depth of my heart  
Are neither read by you  
Nor it reaches your heart  
Because am just a dust  
under your feet  
And the foot you set  
on me is all enough  
to make me feel blessed

Rini Shibu

# Angel In Lucid Dream

Strings of harp played a song  
The trumpet sound was soothing to ears  
The song of love from heaven above  
To fill my heart with peace and joy  
Fluttering wings blowed air  
When an angel hovered over me  
Came to guard around me  
Flaming eyes illuminated my soul  
Rays of moonlight filled my room  
Brushed away the blanket of darkness  
Embraced me in midst of mistiness  
Whispered to me in lovely voice  
Use the inner light of yours  
To Realise the hidden talents  
Let your imagination spread the wings  
And the words shall overflow from your heart  
Then took me by hand and we flew through the clouds.

# Ant Family

We march in line left and right  
Army to fight with nasty bites.

We hug and kiss when we meet  
We love to eat lot of sweets.

We carry crumbs much heavy  
Store the food in our colony.

Red and black is our color  
We are so tiny no wonder.

We are the ant family  
And move quite happily.

Rini Shibu

# Apologies

Apologies after hurting to the core  
I shall collect all in a box and store  
Will parcel on that day to your grave  
Hope God won't be tired counting to save

Rini Shibu

# At The Edge

Sailing through uncharted waters,  
The shores are too far.  
High tides are frightening,  
Will I sink in the deep waters.  
Will I be the prey of those ferocious creatures,  
Or will I touch the underwater reef.  
My heart is burning,  
Melting my inner being and body  
My mind is weary in thoughts,  
Of the land to which am sailing.  
World is corrupt and the people dwelling,  
Hatred, jealousy, envy and selfishness, are consuming the peace  
The menace which cannot be eliminated, There is no better place to live  
Lord take me up to the heaven,  
To escape from this dark realities  
Where I can dream a beautiful world,  
World full love and no sorrows.

Rini Shibu

# Awesome Sight

Desires and emotions at night streams  
And when you wake up from your dreams  
Eyes search for the most awesome sight  
Which turns darkness into light  
When things don't happen as you wish  
The joy in your heart sometimes you miss  
You know that everything has a reason  
And dreams will change with seasons

Rini Shibu

## Bad Beach Blues

Stuffy red nose and hard to breathe  
Sneezing and sneezing is horrible  
Didn't think of this consequence  
When I spend the whole day on the beach  
I want to slip into my quilt  
And sleep for the whole day  
Mom I miss your presence  
Your care and the vapor rub  
Your love and the hot chicken soup  
It's miserable I am on my bed  
With a cup of ginger tea.

Rini Shibu

# Be Fresh As A Daisy

Be the flower with sweetness of love  
Bees will seek the honey in you  
Flies will hover all around  
Searching the sweetness in you  
Be like a flower with pretty colors  
Wrapping with moments of joy  
colorful butterflies flutter near you  
Spread the floral scent to others  
like Beetles they will stick to you  
Be the rarest flower of this life  
You will be remembered by all

Rini Shibu

# Be Mine

The words when he pour  
whispers softly to her soul  
It reaches deep to the core  
and makes her to sing a song  
She just want him to come along  
Because her heart is the place  
where he belong  
The love she always long for  
To changes her world than ever before  
In joy the feet rise from the floor  
And she like to dance with him a little more  
Suddenly when everything stops  
He gets on one knee to propose  
And from the box a ring pops  
Is all a girl wish for  
to brighten her life more

Rini Shibu

# Beautifully Romantic

Why you are searching me  
among the lillies  
You won't find me in the valleys  
Don't you feel me honey  
I am in your heart  
Just close your eyes and sense me  
Yes I am there in your mind  
Never divulge to anyone  
the romantic moments we spend together  
Keep the purity of romance intact  
Enjoy this love and sleep tight  
Still I am in your dreams  
Hug me tight and keep me close  
Listen to my sweet song and  
You will get those goosebumps

Rini Shibu

# Beauty

The world is full of beauty and charm  
To make our mind peaceful and calm  
Feel the beauty around you  
Seek the treasure that surrounds you  
When things are far away from shore  
Dive into it to explore  
Love and feel the nature and its greenery  
Capture in heart all the scenery  
Let flowers bloom in your heart  
To get in life a brand new start.  
Let the light within you spark  
And nowhere you will find the dark  
Tell the world that you are smart  
Let these words shall never depart.

Rini Shibu

# Beauty In Black

The roads are many to walk  
And light is seen at the end  
Full of flowers and lush greenery  
always you wanted to run through  
The sudden darkness blocks the way  
Pulls you from heading the run  
Makes you to slip at every step  
No one holds you to guide the way  
and the dry tears envelope you  
Hands which hold in the darkness  
protects you from the demons but  
never lead the way out from the dark  
You will start to perceive beauty in black  
And try to scribble with ink in white  
Will it reach to the world of light?  
Without moving from this night

Rini Shibu

# Beauty In Dark

There is beauty in the dark  
When you're bored of light and it's spark  
Night has it's own beauty  
Though in the dark you may feel gloomy  
The twinkling stars and the moon  
And the breeze to swipe away the blues  
There wakes up the little child inside you  
Chasing the fireflies dazzling ahead of you  
The innocent smile cheers up the mind  
And the giggles with the wind entwined  
In joy then you sing like a nightingale  
A dream or is it a tale  
And then the sun appears rising over the horizon  
The dreams ends and you are into the life soon  
The chirping birds and the noisy horns  
But you have to face the world alone

Rini Shibu

# Bee

If you are sweet  
the bee buzz around to steal  
If you try to steal  
the bees flies behind to sting  
And You are the loser  
in this ring

Rini Shibu

# Best Buddy

Everything messy  
And you feel dizzy  
Have something fizzy  
Before you go crazy  
When you are boozy  
Your eyes are foggy  
You walk around the city  
Your heart is empty  
Some feel pity  
But there is somebody  
A little bit funny  
Your best buddy  
Who loves you honey  
Turns everything sunny  
Though very busy  
Still with you pretty

Rini Shibu

# Better Tomorrow

Situations are altered  
by a life of hardships  
And you don't lean on your yesterday  
Your imaginations change  
And preferences change  
You learn to adjust and live with your today  
You convince your heart  
that still you are happy  
Pretending to be a completely different person  
You end up setting new dreams  
and you engage yourself  
to forget how circumstances changed you  
Slowly you merge with new surroundings  
And then you are able knit a better tomorrow

Rini Shibu

# Beware Of Webs

Soft and silky strands he ejects  
He crawls up and down on the strands  
Swings and climbs on the tree  
Wind drifts him from trees to trees  
He blocks the ways spinning the web  
To catch the fly on sticky web  
Patiently waits hiding under leaves  
Watching for prey with scary eight eyes  
Hover fly hatched from the cocoons  
Flies to the garden of macoun  
Never knew there is a trap on the way  
And the wings sticks on the glue  
Scary and hairy eight legged critter  
Pounce on the fly and sucks the juice  
Fills up his belly and go to his mate  
But cruel spider was unaware of his end  
Who will be eaten by his voracious mate.

Rini Shibu

# Bizarre Thoughts

Where to start  
and how to end  
Who am i and  
from where I am  
Why i am here and  
for whom I am here  
Am i planning to  
give something  
Or going take a little back  
Where i will return  
and how i will go  
If I am not here  
will it make a difference  
A state of nothingness  
Everything in emptiness  
How it will be  
How could it be  
The unanswered questions  
But we pretend to be answered  
Some rely on science  
Others on religion  
But there is something  
beyond our mind

Rini Shibu

# Blank Paper And Last Words

Petrified  
Cannot move  
Speechless  
Throat is dry  
Feel like choking  
Breathless  
No air to breath  
Sweating profusely  
Aching  
Chest is heavy  
Heart  
As if stop beating  
Dying  
Left alone  
Want to say something  
the last words  
Pen in hands  
But trembling  
When start to write  
No words to scribble  
Darkness  
eyes are closed  
Dead  
Peacefully sleep forever

Rini Shibu

# Blank To Colours

Like a blank paper was my mind  
No pen was at hand to write expressions  
All I Got was some colors to splash  
I threw them all and made a mess  
But it came out into a piece of art  
And I named it as a modern art

Rini Shibu

# Book Of Romance

There was nobody around to hear her voice  
She was alone in a place very quiet  
She opened her heart and screamed to the sky  
But no one on this earth saw her cry  
So much love she hid for him in her heart  
Which she never let him know because  
he was her sweetheart  
She gave him happiness sailing in the boat of sorrow  
And never thought he will leave her tomorrow  
Her boat started to sink into the sea  
There was no reason to be an alive bee  
No one saw her waggle dance  
But her name was carved in the book of romance

Rini Shibu

# Bottle

A bottle full of wine  
Nothing else to dine  
She says it's fine  
And this night is mine  
She act like a model  
Wearing her goggles  
She swigs it from bottle  
To lose consciousness in total

Rini Shibu

# Bottle In The Sea

Fill the drops rolling over your cheeks  
In an empty bottle upto the brim  
The more you fill, the more you feel lighter  
But the bottle with tears wiegh heavier  
Throw this pain into the sea  
for never again you will see  
It vanishes without leaving a stain  
As the tide takes away all your pain

Rini Shibu

# Breathtaking

Smoky are her eyes  
When he gaze into those  
A cool wind blows  
And he is iced  
Strawberry are her lips  
When she whispers  
Musical strings vibrates  
And his heart resonates  
Like cherries are her cheeks  
When she smiles  
Those dimples takes him to the peak  
Shiny and bouncy is her hair  
So soft and smooth  
Which smells amazing  
Just to stop his beats  
He says her looks are breathtaking

Rini Shibu

# Burned Into Ashes

The wind you blew on me  
Took my breath away  
Haunted by the memories  
The more lost i became

The fire once you burned  
Encroached upon me  
And it burned me into ashes  
What you have done to me

Rini Shibu

# Bury The Dreams

Some dreams are meant to be in dreams  
I crushed and buried those treasured dreams  
Because they reminds me wherever I go  
The dreams which can never be true  
They are blocking my way to the destiny  
Why to bother if it can't be achieved  
Better to chase for something new

Rini Shibu

# Butterfly In Rose Garden

Captivated by the charm  
She flew towards the fragrance  
On the dewy misty day  
When she embraced the petals  
the wings were shimmering more  
She kissed it's beauty  
and sang a song for it's nectar  
She fluttered the wings  
and showed the spectrum of colors  
But the joy didn't last long  
In pain she cried until noon  
And she ended her life soon  
Oh red roses what have you done  
She was blind in your love  
But your thorns pricked her to bleed

Rini Shibu

# By The Riverside

He took her for a walk by the riveside  
Whispered to her you are my bride  
The moon kissed the glistening streams  
And he sang a song about his dreams  
She uttered nothing but it was crystal clear  
And the spark from heart drew them near  
She looked into his eyes filled with love  
And they flew to the cloud like doves

Rini Shibu

# Candle At Your Grave

I felt the wetness when I placed  
The flaming candle at you grave  
The smell of wild lillies took me back  
to the time we spend together  
Your memories will never fade  
Because the eternal light you lit  
will everglow in my heart  
But the endless tears  
Is trying to blow the blaze  
If I say you to go far away to the sky  
and shine brighter among the stars  
Twinkling at me from afar  
Will you be happy if I say  
Shall I live life once again  
But we shall meet again  
When there is no more pain  
And I will come to your grave

Rini Shibu

# Casanova

A ride in his car  
all girls wished  
To fly up in the sky  
he never missed  
To say you are my star  
girls were in his arms  
And they slipped into  
his charm  
His hazel eyes  
were so bright  
Which captured the hearts  
at a sight  
He served his girl  
some red wine  
And she sipped his love  
to spice up the night

Rini Shibu

# Catch The Feather

I wish to sleep in your eyes  
And sail in the boat of your dreams  
Your dreams are mine too  
Which I aim to come true  
Because you and I can together  
Fly in the sky and catch the feather  
No matter how bad is the weather  
Our love is not going to wither

Rini Shibu

# Chameleon

The sudden mood swings  
the changes in your face  
You look awesome  
In your colorful drapes  
You hunt and spot  
am I your prey  
Come and lean on me  
Slowly grasp and climb  
Stick on my body  
Blend in with me  
And be a part of me  
You will be safe  
from the predators  
Trust me, be with me  
You are my sweetie  
my chameleon with red spots

Rini Shibu

# Change That Is Strange

Change at a small range  
is a must at any age  
To start a new page,  
come out of the cage  
Break the iron bars  
and fly towards the stars  
Live a life away from the shadows  
See the beautiful rainbow  
You may feel very strange  
but life is not to strain  
You are going to be transformed  
into a person to be praised

Rini Shibu

# Chaos Of Life

Are you confused and a bit worried  
Feeling very heavy and frustrated  
Just close your eyes for a while  
Listen to your favorite music  
Take a deep breath and relax  
Or share it with someone dear  
And you will feel lighter  
Smile and face the situation boldly  
You are incharge to handle  
Because worrying is worse  
than the actual outcome

Rini Shibu

# Chariot Of Love In Sky

He came to me in my dreams  
When whole world was asleep  
He took me on the white chariot  
The horse like snow ball  
Moved in rippling waves of the clouds  
He was the wind and I, the chime  
When the wind swirled around the bells  
Together we played sweet music of love  
And like smoke billowed in the sky

Rini Shibu

# Chemistry Of Love

It caused a surge of dopamine in me  
When you offered me a glass of love  
Here I am longing for more of your love  
Then i realised that love  
is not just hugging or kissing  
It is the missing when the glass is empty  
No not just understanding  
Yes it's the sharing and caring  
And drinking this poison of love  
which kills you slowly  
but you are happy  
to be buried in same coffin

Rini Shibu

## Chop Away

They are of no use to me  
Then why should I keep with me  
Cutting away the dead nails  
Gives no pain to me  
The nerves are detached from them  
They are not a part of me  
Though they look pretty  
When manicured and polished  
Harbor germs underneath  
And they make me sick  
Better to chop away  
unwanted things which is killing me

Rini Shibu

# Cigar

Love is burning like a cigar  
The smoke is lifting from the hearts  
The romantic flame is slowly  
consuming and melting the souls  
Leaving no trace of ash around  
the smoke rings are floating in the air  
As if clouds have descended from heaven  
Creating a paradise, always dreamt for

Rini Shibu

# Clean Hands

Clean my hands are clean  
Yes no Germs are seen  
Soap your hands everyday  
To takes off your sickness away.

Grandma says no more flu  
Grandpa says you are clean very true.

Rini Shibu

# Cocktail

You are frozen fruity drink  
On the hot summer night  
The chilled boozy slush  
Of fresh strawberry scoops  
Icy, creamy crystals  
that Melts to give a kick  
The sweet sip of fizz  
flows in me with a kiss  
You add flavors in my life  
topped with lots of fun

Rini Shibu

# Cocoon

I never thought that  
I could be so close  
And love someone so deeply  
You came into my life,  
now it's so beautiful  
than ever before  
A shoulder to lean on  
And soft, tender touch  
Blended with romantic kiss  
cocooned in warm comfort  
Which all girls wish for  
You gave me more than anything  
Which I never thought of

Rini Shibu

# Come Back Home

Where are you honey  
Where have you disappeared  
Memories not faded  
Of foggy and chilly day  
When we walked in rain  
Under one umbrella  
You poured a little love  
Scarcely to fill the cup  
And vanished in the fog  
Where are you honey  
Where have you disappeared  
Looking at the door  
Waiting to hear a knock  
To lean upon your arms  
And rest peacefully  
To look in your eyes  
And float into dreams  
To hear you sing softly  
In husky voice  
With smile on your lips  
And make me sleep  
Waiting for you my love  
Counting every breath  
A day is like a year  
Can't wait too long  
Come back home soon  
Am lost in your thought.

Rini Shibu

# Comfort Zone

When life is entangled in words  
You feel comfortable in its warmth  
New strands of poetic blossoms are sewed  
To make your comfort zone aromatic  
Then nothing is as beautiful as this  
Because you are the queen here  
And there is none to intrude in your dreams  
Away from others you hide in your web  
You are the happiest person  
to hug this world created by you

Rini Shibu

# Cookies

Creamy  
And little bit sugary  
Buttery  
And much crunchy  
Melting  
And mouth watering  
Chocolaty  
And very tasty  
You are my favorite  
melting moment Cookies

Rini Shibu

# Coward

Why this veil, show your face  
Don't hide behind the window pane  
Come face to face then you will win  
Or people will say you are insane  
Don't throw arrows from behind  
What you gain to see them bleed  
Don't shed blood of innocents  
When the war is with someone else  
What do you gain being a coward  
Don't say that you are a friend  
With your smile don't kill  
Do something worth for a thrill

Rini Shibu

# Crazy

A Little bit and give me more  
More and more, a little more  
more of your love, makes me whole  
Whole of your love kills my soul  
Never again I should ask to pour  
Give me now till I choke  
It will be cool from the core  
Just like a drink of coke  
A little bit more or nothing at all  
I am hungry to take more  
Everyday more and more

Rini Shibu

# Cream Of My Coffee

Love to start the day with you  
You are my morning dew  
Slowly and softly your love blew  
From my heart butterflies flew  
Chill of love you have Sprinkled  
Like snow flakes they tickled  
You are the cream of my coffee  
Adding flavors to my body  
Oh, my honey you are very naughty

Rini Shibu

# Creative Poems

Let the pod of your thoughts and imagination  
Burst open and the seeds  
Which fall into the bottom of your heart  
give birth to hundreds of new ideas  
And the world shall grow  
under the shade of creative poems

Rini Shibu

# Crystal Heart

Crystal is my heart which you broke  
shattered into pieces on to the ground  
and now I am waiting for you  
to glue each pieces back without any gap  
and fill it with your love up to the brim  
To soothe my pain and stop this bleed  
No matter the uneven shape you give  
But be sure it does not leak out  
and the love is at same level as before

Rini Shibu

# Cure

The songs of my heart  
have dried without any reason  
Once scribbled for you at this season  
And It's hard to be tuned  
by the strings of my heart  
Now it's time for you to sing for me  
and once again ring the bells in me  
The night is yours and I am yours  
There is nothing else that can cure

Rini Shibu

# Dance In The Storm

When morning is dark and cloudy  
Sun is hiding, and not shining  
You feel very gloomy  
Longing for a kiss of light  
There comes rain to wet your dreams  
Soaked in the rain  
You forget all your pain  
You learn to dance in the storm  
once again happy and strong  
And then you find rainbow in the sky  
Wrapped in this love  
You are ready to enjoy  
different weathers in your life

Rini Shibu

# Daunting Task

The light from a pinhole  
When the room is dark  
enough to overcome the daunting task  
Step forward and follow the ray  
Till you reach the sunny day

Rini Shibu

# Deep Pain

Some hurts that go deep  
Deep inside stabs the heart  
The intense and endless pain  
Suffocates and makes breathless  
You wish to cry but couldn't  
Mind starts storming  
And no one around to share  
Sleepless and restless nights  
Left alone with the thoughts  
To sink into deep depression  
It's the time you kneel down  
Yearn for comfort and strength

Rini Shibu

# Deep Remorse

Like a dream he came to her  
And left alone giving nightmares  
The night was sweet and long  
But the dream didn't prolong  
All she got was pain and sore  
He pierced her heart with his words  
It wounded her more than a sword  
She chained herself in the dark cell  
And wished to hide from his spells  
But she was haunted by his thoughts  
All she could do was to end her life

Rini Shibu

## Dove With A Love Note

A dove for you I have send  
with a love note to read  
Hope it will reach to you  
to put a smile on your face

A song on a blank page  
With notes of my heart beat  
My heart is still singing  
Can you hear anything?

If you hear the grass growing  
You will receive my saying  
If you understand what I mean  
You will fly the dove back to me

Rini Shibu

# Dreams

I want your love always  
But why we are away  
I can feel your presence everywhere  
But you are beyond my reach  
I am not in your arms but  
I am melted in your soul  
The fire is burning inside  
And will erupt like molten lava  
No one can separate this love  
As you are in me and I am in you  
A beautiful life together  
In my dreams as you have

Rini Shibu

# Dreamy Night

Night in his arm  
When it's starry and calm  
Slow rhythmic strokes  
Smell of incense and smoke  
Heart beats hard for him  
When in love we swim  
Our love is pure as white  
And I like to float in this dreamy night

Rini Shibu

# Drops Of Freshness

When the bubbles burst  
sprinkling tiny droplets  
The drops roll and ooze  
from one leaf to another  
Some freeze in the morning chill  
dispersing the cool freshness  
And the energy of love is  
absorbed through the pores  
making the inner being alive  
Heart grows more and more  
towards the origin of light  
Then at it's completeness  
a bud protrudes and blooms  
quenching the thirst of the bee  
A kind of unusual feel  
is streaming into my heart  
Filling it with abundance  
of joy and pleasure  
I want to be alive once more  
when the morning dew is at my door

Rini Shibu

# Eat Me Raw

Kiss my lips  
You shall not miss  
Your style to love  
Above all I wish  
This night is beautiful  
I am your dish  
Eat me raw honey  
Till you are finish

Rini Shibu

# Echoes Of Heart

Is there someone  
who really loves you  
Does true love exist  
People have different  
versions of love to say  
You care and share  
proclaiming it's love  
Is it not for personal benefits  
Then how to differentiate  
between true and fake  
You may dance  
on the finger tip of others  
for their happiness  
You act like a clown  
to make them laugh  
But who is really there  
to appreciate the real you  
And joins with you for your  
small achievements  
People are selfish  
And so you and me  
Love is a poison which  
all wants to drink  
But hesitate to kill  
others with it's essence

Rini Shibu

# Efforts

It is a waste of time  
to do the right thing at the wrong time  
or at the wrong place  
It will be a vain effort  
and a big mess  
Because the ultimate result  
won't be perfect  
when done under stress  
So avoid doing at the wrong time  
And do right at the right time and place

Rini Shibu

# Emotional Soup

Somewhere when mind is lost  
And you feel that fun in life have gone  
while chasing dreams  
When things go wrong  
And don't happen as you wished  
Everything is squished  
You have been fooled  
And immersed in emotional soup  
No other option left before you  
than to have a cup of coffee  
and watch a movie  
You have to live, there is no other choice  
so just forget about it

Rini Shibu

# Emptiness In Full Bloom

You have everything  
Yet lacking something  
Full of happiness  
Still heart is aching  
Smiling faces are around  
But you wear a plastic smile  
Love is shown by all  
Still there is emptiness  
In the midst of crowd  
You are feeling lonely  
In the noisy place  
hearing only your voice  
In the silence you hear  
the voice of your soul  
Do you feel what I feel now

Rini Shibu

# Endless Blessings

Count every strand of hair  
Every day and night  
Endless counting  
Never give up  
One day you will finish  
Never count your fallen hair  
Once dropped it's dropped forever  
Count your blessings  
Not your hardship  
Hardship are fallen forever  
Rejoice for you have counted more blessings  
For every fallen hair  
always there is one new strand to grow

Rini Shibu

# Energy Flows Into Life

When you are glowing  
everything around reflects  
your brightness  
When you are happy  
people around you are happy too  
If you are singing  
nature sings with you  
and everything is beautiful  
If you are quiet  
all like to be with you  
If you accept others  
in their own way  
they start to love you  
If you point their mistakes  
they will avoid you  
If you are crying  
the sea roars at you  
people stay away from you  
And at your hard time  
the whole world abandons you  
But the moment you love yourself  
and spend time with yourself  
when your soul is your besty  
You don't have to worry  
about the world around  
Everything will be in harmony  
And energy flows into your life

Rini Shibu

# Enjoy Every Step

Small little happiness are remembered  
As the cherished moments of the past  
The moment once past is past forever  
They will never return to you  
No matter the obstacles you face  
An earthquake if meant to hit you  
Sure it will hit you  
Adversities are part of life, learn to tackle it  
But your happiness should never struggle  
Past is behind you and future in front  
Enjoy every step along the way

Rini Shibu

## Even Shadow Leaves

Some people intrude into your life  
And cause a huge impact on you  
They will throw you up to the sky  
When you try to catch the stars  
You realise your foot is not on the ground  
And no one to hold you down  
By then your heart is already been squeezed  
And last drop of blood is drained  
You become pale and insane  
There is none true in the world  
Either believed or to be trusted  
Even your shadow leaves you in the dark

Rini Shibu

# Expectations

Some expect more  
Giving frustration to the core  
They are disappointed  
And you are been avoided  
Expectations ruins relationships  
And ofcourse friendship  
This leads to heartbreaks and breakups

Rini Shibu

# Explosion Of Emotions

Words which explode from emotions  
Tuned by your mind and your heart  
Which rhymes and turns into a song  
Sings for you to soothe your heart  
And it heals your wound like a balm  
Hold on tightly this sweet companion  
These songs will never leave you  
Though whole world abandons you  
They touch every nook and corner  
of your heart and the soul  
And transforms into a melodious healer

Rini Shibu

# Eyes Never Lie

You are so kind  
So tender and mild  
Even though you are quiet  
It's not hard to read the mind  
Because eyes never lie  
When I gaze into the eyes  
Without blinking an eye  
Deep inside the ocean of your eyes  
I could find that it is hiding inside  
It talks more and you can't deny  
Because eyes never lie  
I love those eyes  
It says you are mine  
And promises to stay by my side

Rini Shibu

# Fairy Of His Dreams

Like an invisible breeze  
he touched her being  
Wrapped in his fragrance  
took her to his dreams  
Holding his arms  
she walked into his thoughts  
Where nothing else  
could occupy the space  
All round the clock  
Oh yes day and night  
Like a fairy in his dream  
she became part of his inner being

Rini Shibu

# Faith

No comforts and penny at hand  
No bed to sleep no roof above  
Tonight may be under the street lamp  
But you own lots of twinkling stars  
Moon is there to give the hope  
Of new day with sun above  
Be strong with endless hope  
Every situation serves a purpose  
So have faith and never break  
Fight the way and move on  
till you reach your destiny

Rini Shibu

# Falling In Love

Falling in love with you  
more and more  
once again when hands  
are entwined  
As we walk through those  
endless fields  
Our love starts to bubble  
once again  
From the depth of our heart  
and when it burst  
Sprinkling the drops  
on the tiny petals  
of yellow rape flowers  
Falling in love with you  
more and more  
Once again when I am  
In your arms  
As our laughter  
lifts up high  
The birds starts  
to pick them from the sky  
Lying on the yellow field  
just you and me  
And once again our heart  
starts to sway in the breeze  
Falling in love once again

Rini Shibu

# Feel The Beats

I have got a heart that beats like yours  
And It gets hurt same as yours  
Why do you hurt my feelings...  
Can't you see, It aches for you  
When you walk away, it searches for you  
And It looks for the traces of footstep  
Why do you hurt my feelings..  
Can't you hear the call, it's weeping  
The tears are flowing, can you wipe them  
Come back to me, I am waiting for you  
Here I am for you, just for you  
Don't break this heart, it's all yours  
Don't hurt my feelings..

Rini Shibu

# Feelings Last Forever

Hills were lush with greenery around the valleys  
And the meadows covered with the mist  
Still so fresh in my memories  
Far away in the valleys sheeps were rearing  
Green pastures grazed by horses and cows  
The spectrum of colors from the sun  
Dispersed through the rain drops in the air  
The view of waterfalls were amazing  
kissing the beauty of nature  
The beautiful pictures painted in my mind  
These moments will be remembered,  
For feelings they gave last forever.

Rini Shibu

## Filled With Cheer

Am just alone in this run  
All alone but it is fun  
Not scared of the shadows  
Because I can see the meadows  
The path chosen is so different  
Yes it makes a difference  
My heart is filled with cheer  
Because Christmas season is near  
I want to sing and shout  
Do you want to join, don't be in doubt

Rini Shibu

## Finish Point..

Mistakes are not been repeated  
But you are defeated  
Victory is at the distant end  
But don't lose hope and go ahead  
Need patience to move on  
Though there are bumps and stones  
One day you will reach the finish point  
wipe the thoughts which disappoints

Rini Shibu

# Fire

There is a spark of fire  
in my heart  
The heat is increasing  
spreading its warmth  
all over me  
Just before a huge fire  
the smoke lifts up to the sky  
It's not the dark clouds  
which is consuming me  
But the fire to burn me  
into a new being  
To shine like the sun  
giving light to all  
A world full of light and  
no shadows and darkness around

Rini Shibu

## Fish And A Free Bird

Jane, a fish from a garden pond  
loves birds flying in the sky  
She swims at the surface of water  
looking at the bird with bright blue eyes  
Thought she would learn to fly  
to seek treasures in the sky  
One day a kingfisher came over  
picked her out from the water  
She flew with the bird across the lake  
But the cruel bird devoured Jane.

Rini Shibu

# Flowers In The Rain

Poetry is like flowers in the rain  
Petals disperse it's fragrance in the breeze  
As water drops sprinkle its freshness in air  
Words flow soaked in the smell of wet mud  
The pleasant smell spreads in the minds  
And charm sways in the nature of poetry

Rini Shibu

# Fluctuations

When energy drains  
You feel powerless  
When power fluctuates  
and so the light  
Though you are in the light  
You witness dark  
Life is complex  
If your pulse goes weak  
fun fluctuates  
And you are less creative

Rini Shibu

# Flying Through The Sky

Flying higher and higher to the sky  
The sky where birds never flew  
Gliding on the wings like a fairy  
Soar above the mountains and the ocean  
The enchanting beauty of earth  
The amazing view I see from the aircraft  
The magnificent scene of the sun set  
The red and orange rays scattered  
The clouds are like cotton candy  
Draping the bright blue sky  
And in soft background music  
Am in thoughts of my hometown and parents.

Rini Shibu

# Forever Together

Night is light  
So perfect and bright  
Diamonds and sparks  
Glittering in the dark  
Dreams are flying  
And moon is spying  
With wine in the glass  
As we knit love on the grass  
There is nothing much better  
Than to live with you forever

Rini Shibu

# Forgive, Forget And Accept

Forgiving flaws is the best way  
to show your love today  
to someone close to your heart

While moving in this life's trip  
Because life is a divine gift

Rini Shibu

# Forgotten Story

Never you know how much pain you gave  
If you were careful that little heart would have been saved  
Heart which slips without our consent  
Have shattered into pieces at present  
The wound which you gave will never heal  
It will be taken to her grave, no one can peel  
The day when you will realize, you might feel sorry  
But by then it will be a forgotten story  
It's not too late to turn around  
Let the healing touch of love surround

Rini Shibu

# Four Chambers

Love is filled in four Chambers of my heart  
You are with me, life is not at all hard  
Your love is my guard  
You never make me sad  
Love is flowing to all my body parts  
It's joyful from the start  
When I am hurt its the balm  
You make me always calm  
There is no more space left in my heart  
Your love is fully packed, and can't depart  
You are very smart  
You owned my heart  
Fired on it your love dart  
No force can now set us apart

Rini Shibu

# Fruit Of Love

The seed you planted in my heart  
sprouted out and grew up  
to bear fruits of love  
The fruits are sweet and juicy  
And when you come near me  
eagerly to pluck them  
Is time you fill me with joy  
And transform my life  
to make it complete  
Will you harness my fruit  
and enhance my bliss

Rini Shibu

# Fun In Love

Giggles of tickles  
with kisses and whispers  
Ripples of nibble  
very soft and gentle  
More of love  
drizzles and dribbles  
A drop of fun  
then trickles little

Nothing to break the silence  
Only butterflies in the lush garden  
Drifting from roses to orchids  
Passing its love and flapping it'swings  
One came dancing around me  
Blinking it's eyes it landed on me  
With a message wrapped

From my honeybunch

Rini Shibu

# Garden Of Love

Soul in the garden of love  
It's like paradise on earth  
Twinkling stars wrapped in black carpet  
Fresh energetic buds ready to burst  
Waiting for the dawn to embrace the warmth of sun  
Fragrance of my nectar allured honey bee  
came near and whispered to me  
Am lost in your ardent aroma..  
You are my life, you are my world..  
Softly kissed and tickled to bloom my heart..  
Filled me with beauty and added colors to my life..  
You sucked my nectar everyday..  
Flew away I couldn't see..  
Filled and stored all your hive..  
You have stolen all my charm...  
lost my elangance  
Withered on the ground never you knew  
this will be the end when you return..  
Does love life give only wound?

# Glistening Drops

The peacock is dancing  
and the clouds are approaching  
Rain is pouring in the heart  
and it look very smart  
Bluish green plumes are wide spread  
welcoming its beloved mate  
Peahen admires the eyes  
that adorned his plumes  
She dance with him till it rains  
And their love glistens more

Rini Shibu

# Golden Ink

The moonlight carried the breeze  
away from the fiery kiss of the sun  
Waking up the jasmine flowers  
and night blooming cereus  
she oiled and lighted the lamp  
The night started to glow than ever before  
The scented breeze stirred her heart  
She wrote the moments with golden ink  
And the gust of wind took it away  
It flew high above the sky  
The moon painted it with silvery glitter  
And studded it among the stars in the sky

Rini Shibu

## Good Actor /Actress

Girl, she is flowery  
with fragrance that blows the mind  
Her beauty is her smile

She is always his queen  
To whom his love overflows  
Is that what her man wants  
He search for love in his pot  
Is he satisfied  
Is it all he need  
To be happy in his life

Rini Shibu

# Have A Break

When people try to play on your head  
Better to take a break and rest  
No matter how much you give your best  
You are attacked by the pest  
So better to stay quietly in your nest  
Otherwise everything will be messed  
And you are going to be stressed

Rini Shibu

# Have Mercy

The helpless trees looking at the sky  
for a drop of water to soothe it's roots  
No leaves to balm the burns on the bark  
Rays of sun is left to hides it's nudity  
Summer have mercy on them

Rini Shibu

# Headaches

When thoughts are tightly packed  
leaving no space to

The mind tends to explode  
Giving a lot of headaches

Rini Shibu

# Healing Of Soul

Love heals the soul  
The person as a whole  
Scrape away the crust  
formed due to lust  
True love is a must  
So you will hear the call  
From heaven blessings will be poured  
Like eagle you will soar  
To reach the heights than before  
Heart will yearn to fly more  
Once again being strong

Rini Shibu

# Heart Beats With Nature

Every day a new experience  
is showered as fresh as rain drops  
Pure as morning dew drop  
So clear and transparent  
Every time it gives chills  
like cool winter breeze  
When life seems to be dark  
like myriad stars and moon lights up  
to envelope and hold close  
giving warmth like Sun's tender beams  
And then melodious song is heard  
as if birds singing for me  
Tides of love then rush  
touching me with it's waves  
to spread the fragrance  
of newly bloomed Lily  
Love is in nature and nature is full of love

Rini Shibu

# Heart Breaks

When heart breaks  
we heal differently  
It can be only by love  
and if we are ready to accept  
Tragedy always change life,  
more than any dream  
that comes true  
But we have to wake up  
to recognize that call  
We have to work for it  
to make our life more fruitful  
Rather seclude yourself  
from the world  
It may take time  
but time changes everything  
Life has many more  
beautiful moments to give  
Realise that everything  
is for good  
We lose to gain something  
And we gain only if we have pain

Rini Shibu

# Heart Vs Mind

I am confused really confused  
My mind says to fight for truth  
And Heart says to live in harmony  
The Mind sets boundaries and limitations  
Heart says love unconditionally  
Should I listen to my heart or mind?  
Where do the emotions come from?  
If it is from my mind  
Then why do my heart ache and rejoice in love  
Is it not the first electromagnetic wave  
started from the heart  
Is it not my heart beat first in mothers womb  
Is it not my heart acted as mind when there was no brain  
That's the reason my mind follows my heart sometimes

Rini Shibu

# Heartthrob

On those lengthy nights  
The songs you used to sing  
The voice I love to hear  
is your husky voice  
The music is on  
and your voice is on the track  
You drive me crazy  
When gaze deeply into my eyes  
those brown eyes  
are the ocean of deep love  
where you take me for a sail  
You are my prince charms  
when you touch on my lips  
With your fingers  
You take me high  
and make me feel hot  
You are my heartthrob

Rini Shibu

# Heat Of Passion

When passion heats up  
and you don't open up  
A kind of distance  
that builds up  
You are shattered  
and don't feel free  
Is it lack of trust or love  
Love without trust  
Isn't love at all  
if your love is pure  
just put your trust  
Trust opens the heart  
And draws you close  
You are secure  
in his hands more

Rini Shibu

# Heavy Rain

It was heavily raining  
And the lightening was frightening  
But it washed away all the dirt

Though the land was flooded  
And farms were pooled  
then sun kissed the soil

Once again clear and bright sky  
And birds started to fly  
Life returns and nature sings

Rini Shibu

# Hide And Seek

Spiky and rough  
I can feel the scratch  
The smell I like  
When I blink on your neck  
I love this  
When you sweat  
and the skin touch  
Making me more wet  
The hide and seek  
at the night  
Moon is above  
am in your arms  
The look into my eyes  
I go for you in a beat  
Yes I love this  
when you whisper to me  
be quiet

Rini Shibu

# Honeybunch

He works hard to get attention  
Walks behind but never mention  
Your presence make him a poet  
Nervous but you will never know it  
Accepts you for your quirks

But never show excitement  
He will build all your dream  
Give you pleasure till you scream  
Takes you to a different world  
Move with you in rhythmic swirl

Rini Shibu

Wait for the change and don't get mad

Kiss me  
Press me  
And love me more  
Come to me  
Role over me  
And thus you make me hot

Rini Shibu

# Hot Like Red Chilli

You are spicy pepper  
So hot like red chilli  
A small little bite  
Gives tingling sensation  
And burns my throat  
I enjoy the heat  
When touches my soul  
My red lips when kisses yours  
I crave for you  
More and more  
You are the culprit  
of this drool

Rini Shibu

# House Of Poetry

One over another words you place  
Polished with your imagination  
Plastered with ripples of thoughts  
And a decorative wall built  
Ideas flow to form different rooms  
Slowly you construct a house of poetry  
You live in the house of your choice  
Where you relax and unwind  
You design your poem  
with a lawn and a garden  
And natural aroma spreads around  
Making it impressive for all to read  
Surrounded by the fence of friends  
your house seems to be more strong  
This is why poetry is meant for

# Hug And Kiss The Moments

It's cool and breezy night  
And I am lying peacefully at your side  
The lurking moon peeping through the clouds  
and the stars are singing lullaby  
The wind is gently blowing through  
the window rustling the silky curtains  
As I lay beside you  
feeling the warmth of your skin  
My soul tickles as I move closer  
gazing the smile on your face  
And just want to hug tightly  
this lovely moment  
not letting the angels to steal

Rini Shibu

# Hug Your Dreams

Hug all the dreams in your sleep  
Then fly high in the sky  
Where no one can reach  
In your own beautiful world  
Peacefully enjoy the flight

Rini Shibu

# Humanity Lost

They smashed and crushed our future  
Smoked and burned our hopes to air  
Dreams been stripped from hearts  
Dark shadows encroached and raped us  
Poked and pierced to pool in the blood  
What is gained by killing lives  
No peace at heart, no tunes to sing  
Hungry we are, no food to eat  
Running here and there for peace  
Begging for love and unity  
Wounded we are, no humanity  
How to heal and wipe these bleeds  
Hear our cry and allow us to live

Rini Shibu

# Humming Love

My heart humming a love song  
With blue throated hummingbird  
Hovering over, flapping the wings  
Sweet chirps and beeps are enchanting

Heart beats faster near scented foliage  
Searching along the soft breeze  
Hunting sweet nectar from honey suckles  
When sun shines and kisses the breeze.

Preaching and humming on cherry blossom  
Watching through the dew drops  
Your hum interrupts the vulnerables  
Your ultrasonic songs are delighting.

Rini Shibu

# Hungry For You

Loving and caring  
Yes you are my darling  
You are so sweet  
To increase my heat  
You keep me hungry  
And just feed little honey  
You are radiant  
And crisp like snow  
Gives me Chills  
when you are close  
Melts and Vanish when I hold  
You are cool and vibrant  
And pour invisible tender love  
To crave for you more and more

Rini Shibu

# Hurdles Of Life

When you dream beautiful dreams  
And it seems to be impossible  
When things are getting harder  
You feel hopeless with your dreams  
And the mess handed over to you  
All you have to do just embrace that mess  
Accept the unforeseen hurdles on the way  
Never give up and jump over the hurdles  
Move on towards your dreams

Happy new year

Rini Shibu

# I Love You

Am so lucky that I found you  
Your love changed my life  
Gave moments that last forever  
You taught me to fly and touch the sky  
Your thoughts brings smile on me  
I can feel your presence everywhere  
I can see you in your absence  
I can smell your love  
Because you are in me and in this air  
And I love to sing to this wind  
I have no words to express my love  
All I have to say is I love you.

Rini Shibu

# If I Die

Leaving you behind  
If I fly ahead in the sky  
Far among the clouds  
Where you can't reach  
And your eyes can never find  
Never cry for me  
I can't see tears rolling down  
But send me with a smile  
'coz I will be alive in your heart  
I will visit you in your dreams  
and one day I will help you  
to cross the finish line

Rini Shibu

# If I Were A Bumble Bee

If I were a bumble bee  
I would fly among the flowers  
And get stuck inside a bud  
Tightly closed with its sepals  
to get the warmth  
Where no one could find me  
protected by the colorful petals  
Provided by honey to quench my thirst  
When with love and fragrance  
it suffocates me  
And smile at my last breath  
Bloom at once to show the light  
But then it will be very late  
And my soul will depart happily  
forever from this world

Rini Shibu

## If It's Meant

The flowers get it's fragrance  
It blooms and smiles at nature  
The bees are attracted to it  
And find the nectar from it  
It is nature's law and  
everything is so natural  
If it is meant for you  
it will come to you  
But the choice of colors  
And type of flowers  
Is absolutely yours.  
The sun shines in the sky  
Gives life and light  
But those in the shade  
never see the rays  
Yes it is nature's law  
And everything is so natural  
If it is not meant for you  
It will never reach to you  
It depends on how you face life  
and where you choose to live

Rini Shibu

# Imperfection

A bouquet of flowers  
fills you with joy  
But won't last more than a day  
How much ever you stitch  
and add the length  
The perfection will be  
less than imperfection  
And so the thirst for true love  
Is endless and  
Wordly pleasures can't fulfill

Rini Shibu

# Impulse Of My Heart

Just one more time  
I wish I could see you  
for the last time I can tell you  
I want you for lifetime  
Because you are mine only mine  
You are the impulse of my heart  
to pump the waves in my veins  
Without you I am dead  
If you like to check give a try  
But if I am dead you are no more

Rini Shibu

# In Awe

A tiny dot in this huge world  
Is not so prominent or noticeable  
which can be erased and easily swiped  
But you decided to choose it as your own  
And gave a new shape to shine in your glow

Rini Shibu

## In The Cage

Lonely life you have given me  
Why you kept me in captivity  
You wrenched me from the jungle  
Branches of pines and cedars I miss  
I watch my flockmates whirling in the sky  
Lovely to see them flying in unison  
Singing and perching on the trees  
Weaving nest with grass and twigs  
And popping food into little ones beaks  
You look at the cage and admire my beauty  
You gave me bars only to bite  
No space to spread my little wings  
And no river banks to preen  
With pleasure you feed me seeds and water  
But you never knew I enjoy berries and worms  
Morning you open eyes with my squeaks  
And you love to hear me singing  
You never knew it's the cry for my love mate  
Set me free let me fly  
Wish to fly miles and Miles.

Rini Shibu

# In The Mood

Silence of woods  
And you are in romantic mood  
The song of rivers  
And breeze hums in the ears  
The wild flowers sways  
Birds chirp all through the day  
The waterfall sprinkles on your face  
These are the moments that cannot be chased

Rini Shibu

# Inamorato

Your love showers on me like the cascade of flowers  
We sail in the ocean of love as your eyes gaze into mine  
Your breath on my neck is like gentle breeze wakes my soul  
Your chilling kiss on my cheeks is like dew drops on the rose petals  
As honey drips from the comb, Is the wetness of your lips  
And when touches mine it taste so sweet  
Your feather soft touch of fingers tips melts my heart  
When you smell my glittering hairs, floral scent spreads in the air  
When you pull my wrist to breaks the distance,  
thousands of pearls rains in my heart  
Your wide chest is bed of blooming foliage  
where I lay my head to hear your beats  
I hide my face under the shadow of your moonlit face when my heart pounds  
hard  
And the laughter fills the air as we drown in love  
Your warm embrace of love brings joy and thrills into my life.

Rini Shibu

# Inscribed On My Heart

Your name has been inscribed  
on the petals of my heart  
And it smells like roses  
from the start  
Perfumed in your love  
I started to float to the paradise  
You are very precious  
then I realized  
Nothing can be compared  
to your love  
You are in my veins  
and my nerve.

Rini Shibu

# Inseparable

She presumed his presence  
On sunny day  
But he was with an umbrella  
On a rainy day  
He proved to be a true  
gentleman  
But it took time for her  
to realise  
She crawled back to him  
before it's late  
She served him a glass  
of wine  
And his favorite food  
to dine  
They danced together  
whole night  
And hugged each other  
with their inseparable love

Rini Shibu

# Invisible Being

Love which gives pleasure  
And a little ache in your heart  
The ache which is enjoyed  
And You wish to have it again  
A feeling far beyond our mind  
Which can only be felt  
And very hard to define  
Like the wetness of mist  
which is felt on your cheeks  
But when you try to touch  
It's beyond your reach  
the freshness gives a lasting feel  
And It becomes an invisible  
part of your being  
And only few can have it

Rini Shibu

# It Never Lie

Why the eyes fills up  
Though you don't want to  
Aren't you strong  
It is the sign of the weak  
Why the eyes seek  
Though you don't see  
Are you alone  
It is the sign of loneliness  
Why the eyes sparks  
Though you want to hide  
You are so loving  
It is the sign of love  
Eyes is like sea  
You can sail into  
deep meaning  
and it never lie

Rini Shibu

# Key To Happiness

What we expect we may not get  
And what we get is what we never expect  
Better not to expect too much  
So that we won't be disappointed  
If it's meant for you it will come to you  
And If not it will leave you  
We may also lose what we possess  
But we should not be afraid of the loss  
Because what we have is not ours  
We came to this world bare handed  
And so we have to leave empty handed

Rini Shibu

# Killer

He took her to the pool  
And asked her to jump  
He knew she can't swim  
But pushed her to the depth  
Her hopes were sinking  
And he saw her drowning  
She called for help  
But noone turned  
He promised to hold  
Knowing she is phobic  
but he left her alone and vanished  
Will he able to live peacefully  
His hands are red don't you see

Rini Shibu

# Last Breath

If there is no air to breathe  
And there is no food to eat  
Will you survive on this earth to live  
Why you are existing here  
And from where you came  
Are we created to love each other  
Then can you tell what is love  
Is it the feeling I get  
The ache in my heart when you cry  
Or the joy when you smile  
Then why do we all fight  
This earth will be a beautiful place  
Like heaven on earth  
If we live for one another  
Just a little time is left to fulfill  
this dream before you take last breath

Rini Shibu

# Life

The joy of togetherness  
Small conversations and laughter  
which gives happiness  
And become the part of life  
The egos and fights  
which is followed by hugs and kisses  
It's sugary and spicy  
Sour and tasty  
Which you cannot find  
anywhere else in this world  
Mull over, this is not  
what you want from this life  
Yes life is meaningful  
and worth living  
when you get through everything

Rini Shibu

# Life Blooms

The life have fallen apart  
from its branches  
The bare dry tree  
still stands up right  
in a hope  
The Sun's rays as fall  
on its bark  
it smiles at the breeze  
asking to come closer  
to look at the buds on its twigs  
ready to bloom at this spring

Rini Shibu

# Life In Black And White

Painted my life in black and white  
On starry night the moon was bright  
Used the brush to prime the canvas  
Dipped in black to shade my past  
Painted the colorful song of life  
Like music played on piano keys  
Image with hard line and soft lines  
And shades of lights and shadows  
No colors to distract the beauty  
Clearer image towards the destiny.

Rini Shibu

# Life Is Once

When you love your life  
You will do the things you like  
No matter what others say  
You are right in your eyes  
People are interested to take  
speck from your eyes  
When they are not perfect  
then why to worry  
Life is once, make it beautiful  
tomorrow you may not get a chance  
Live to the fullest

Rini Shibu

# Lingering Emotions

It is good to be in hibernation  
when climate is very harsh  
which makes you weak  
Or to dodge yourself  
than to be in situation that hurts you  
Sometimes new people and friends  
help you to move forward your life  
It may take time to recover from  
the lingering emotions  
But overtime you will be healed

Rini Shibu

# Lion Vs Tiger

Who is bigger and  
who is stronger  
The argument went on  
and both had a clash  
They leaped and jumped  
Scratched and smashed  
It was hard to believe what all saw  
The lion was under the tiger's paw

Rini Shibu

# Little Bunnies

Behind the tree playing hide and seek  
Under the bushes no one can speak  
Hopping and jumping two little bunnies  
Enjoying the play though it was sunny.

Little bunnies found a big carrot  
Started fighting for the carrot  
Mammy rabbit thought a trick  
Send to a farm with the chicks.

Little bunnies slowly munching  
Again the two started punching  
Chewing and crunching, so yummy  
Lovely little bunnies always funny.

Rini Shibu

# Live In Harmony

Not able to walk safely on the streets  
Not able to sleep safely on our bed  
Not able to go for work and schools  
Bomb blasts and gun shots everywhere.

People suffering from horrible atrocities  
Houses were looted, many decapitated  
Families displaced in fear of terrorist  
Militants captured their houses and land.

A group of people stirring hatred  
Imposing their ideology among youngsters  
Misguiding people with radical fundamentalism  
And spreading territory across the world.

Stop extremism based on beliefs  
Stop this violence and killing innocents  
Love one another and live in harmony  
Let peace and joy dwell in every heart.

Rini Shibu

# Live In Present

Living in the past  
and swinging in the memories  
Might be soothing to your heart  
But it makes you unfit to live in reality  
Is it not an escape from life  
Like daylight it spreads on your mind  
And dark nights encroach life  
Come out of it and live in the present  
Enjoy every bit of it  
Because today's beautiful moments  
Will be tomorrow's sweet memories

Rini Shibu

# Lock And The Key

Little pain is pleasurable when  
It is followed by soothing love  
when you are in love, you are in joy  
And wish to have more and more

If love is the lock and pain the key  
Without this key love can't be unlocked  
Without pain you won't gain love  
And pain disappears once you get love

Love and pain both are inter linked  
Pain is the single pill for the love  
Because pain increases the longing  
and longing intensifies the love

Rini Shibu

# Lodestar

When You are flying in the sky  
Suddenly the light disappears  
And darkness blinds your eyes  
What could you do than to cry  
And fly in the dark as much as you can  
Hoping to find the streams of light  
The journey may sear your emotions  
But it will make you more strong  
Then a star shines far away in the sky  
To guide your way to fly

Rini Shibu

# Loneliness

When you are in the midst of darkness  
Where loneliness engulfs your soul  
Twinges of hopelessness felt  
Chirping sound of crickets heard  
The only sound to break the silence  
Open the window of your heart  
To see the magic in your backyard  
The most fascinating view on earth  
Hundreds of shimmering fireflies  
The glowing lights in the dark  
Millions of twinkling stars in the sky  
Like diamonds on black carpet  
And you are the shining moon in darkness  
To spread the light around.

Rini Shibu

# Long Drive

Just you and me on the silent road  
A long drive through the woods  
An escape to taste the love  
The gentle touch of the mist  
Smell of wild flowers in the air  
Sunlight creeping through the trees  
And the favorite music been played  
Pine trees, mountains and rivers on the way  
Mind is so calm and relaxed  
Everything so different under the sky  
When my fingers entwines in yours  
I feel the comfort and warmth  
The depth of love and promises  
I see in your eyes  
Which pulls me towards you  
And I want you always in my life

Rini Shibu

# Lost In The Maze Of My Heart

The stars are twinkling in the sky  
And me on earth draped in the wet sand  
Moon is whispering softly  
have lots of stories to share  
The story of the wind which blew  
to sweep and peep inside me  
And lost its way in the maze of my heart  
But it couldn't find the gem trapped  
in the corner of my heart  
The hidden place  
where no one can easily reach  
The treasured gem which I have  
emits the sparks in me  
to show you the way out, and never lets in

Rini Shibu

## Love (Mohabath) .. Translated By Akhtar Jawad

My heart is restless, I'm in love with you  
Joint beats are endless, I'm in love with you  
You filled my life with a joy I never had  
Reflected in your naughtiness, I'm in love with you  
I never knew you are a pied piper, a magician,  
No more gloominess, I'm in love with you  
I love to be crazy in your love, sweetheart,  
In your arms a recess, I'm in love with you

Rini Shibu

# Love At First Sight

Beauty is not in her face  
In her curves or in hairs  
Its not the same in all case  
Don't kill her with your stares  
and say you are in love at first sight  
Look into her eyes,  
its the way to her heart  
Where you will read something new  
Which is opened to very few  
Love the beauty of the soul  
and prove you love her at the most  
Because she is very delicate  
Handle her with care  
And never let her in tears

Rini Shibu

# Love For Hundred Years

She thinks about his love  
all the day long  
When it rains or when it snows  
His love abides in her  
And then she is full of life  
And her heart is full of song  
She sings a song for him  
About the sweet moments  
which turns into sweet memories  
And she says 'stay with me,  
I will love you for hundred years'

Rini Shibu

# Love Hurts

Love is painful, It only hurts  
Still you say it is beautiful  
Though no one left to wipe the tears  
Don't love anyone more  
than your soul  
Because when they leave  
everything turns sour  
Then you realize of been fooled  
And in pain you are pooled

Rini Shibu

# Love In Dunes

The sun sank into the dunes  
The wind blew over the sand  
Love crept deep inside  
As he gazed into her eyes  
Lighted the lamp of love  
Wrapping her in his arms  
Camels on the barren desert  
Sang the song of love  
Stars twinkled in the sky  
Moon kissed the wavy sand  
The desert prince has arrived  
He took her for a camel ride  
And their love story began

Rini Shibu

## Love Is Not Love If..

Love is not love if it's not felt in heart  
Love is not love if not felt by others  
Love is not love if you don't realise it  
Love is not love if you don't respond to it  
Love is not love if it's not shown  
Love is not love if it's not open  
Love is not love if there is no missing  
Love is not love if there is no aches  
Love is not love if there is no pain  
Love is not love if there is no trust  
Love is not love when there is no fights  
Love is not love if there is no compromises  
Love is not love if doesn't last long  
Love is not love if it's always same with all  
Love is not love if you deny you have it  
Love is the love from God to share with all.

Rini Shibu

# Love Like Red Wine

Love in glass of red wine  
As sweet as taste of grape  
Every sip you Will taste it  
Every sip you will feel it  
The incredible smell of love  
Slowly intoxicating you  
Love spreads in your body  
Heart beats harder  
Mind sings love song  
You will walk in love  
You see love all around  
Slowly addicting you  
It's makes you happy  
It makes you cry  
It makes you laugh  
Once you taste you want it more  
Makes you crazy if you get it less  
You will crave if you don't get it  
Every day every second you need it  
And nothing can substitute it.

Rini Shibu

# Love Never Fades

Look into your heart,  
Do the love still remains  
Where the love have been gone  
Long ago you have stored  
In time do you really forget  
as the pain fades away  
Or when you stay away  
Because mind buries the feelings  
and commands heart not to dig again  
For which mind have been trained  
But sometimes heart forgets to follow  
It stays with those beautiful feelings  
again and again  
And reminds you that love never fades

Rini Shibu

# Love Of My Life

Opened my window to see the beauty of nature  
Beams of light fell on my face  
Birds were singing  
Chilling breeze touched me softly  
He kissed me on my neck  
Looked into my eyes and whispered sweetie I love u  
Running his fingers through my hairs  
He made me to sit on his lap  
I was lost, same as he  
I don't know how to explain  
Is that heaven on earth  
Is that all girls longing for  
I melted in him by then.

Rini Shibu

# Love Seasoning

Love is as bright as sun  
Without love life is dark  
Love spins in the head  
Without love all are sad  
Love flows from every heart  
Without love life is dry  
Love spreads its contagious  
Without love you are like dead  
Oh yes love is the centre point  
around which whole earth revolves

Rini Shibu

# Lovely Moments

Gray is your hair  
People may give a stare  
But my love if you compare  
Is countless as your hair.

Wrinkles on your face  
may not be toned in case  
No matter in this phase  
I will be with you all through the way.

Your hands may tremble  
And pulse go feeble  
Those days could be terrible  
But moments in love is incredible.

Rini Shibu

# Luck Drains Away

Walk away if your presence  
drains away someone's luck  
Don't say a word be quite  
If it's hurting them  
Because their achievements are  
bigger than your distraction  
There are lot more for them  
than your presence  
Sail away, don't step your foot  
on their shore  
because it's meant for  
precious pearls

Rini Shibu

# Lump In Your Throat

When you feel very heavy  
And your chest is tight  
want to cry but you hold  
Heart aches but still pumps  
You feel a lump in your throat  
The eyes are closed  
to force sleep  
Then a tear slowly drips  
You hug the pillow tight  
and inhale deeply  
There the episode ends  
And you are going to start another  
bright new day in few hours

Rini Shibu

# Lurking Feelings

You will never know  
how much you mean to me  
Your absence is killing  
And I can feel it to the core  
Feeling which cannot be expressed  
That lurks deep inside  
But it explodes when you are not by my side

Rini Shibu

# Magic Of Love

When I am near you  
You don't look at me  
When I walk away  
You block my way  
You don't react to my verse  
But always quote my words  
Between you and me  
What's happening  
Am I in love with you?  
Is my query  
Haven't seen you  
But you are always with me  
You encourage me  
You are an angel to me  
You cast a spell upon me  
Like butterfly  
Am flying towards you  
Who are you?  
Where are you?  
You mean a lot to me.

Rini Shibu

# Magical Odour

Here I give all my love to you  
And a bunch of red roses  
freshly picked from my garden of love  
To make your day very special  
And to put a smile on your face  
Holding it close to your heart  
You will experience the magical odour  
of love straight from my heart  
In silence you will hear my voice  
And when you feel lonely  
you will see me everywhere

Rini Shibu

# Mechanic

When you learn to pick up the signals  
And match it with your wavelength  
Little you mend and then blend  
You've become a mechanic of love  
And the adorable heart  
is yours forever and ever

Rini Shibu

# Meow

Sweet is her voice, sugary the words  
When she whispers, the candy melts  
He craves like a bee for the honey  
She never gives but only jaggery  
He calls her sweetie, she is very pretty  
He wants to own that little kitty  
There is no one like her in the city

Rini Shibu

# Mermaids Dream

If I were a mermaid  
Would dive into the deep sea  
To get a glimpse of the amazing world  
The beauty that lurks under the sea.

Diving to the dazzling corals  
And colourful sea anemones  
Beautiful sea slugs are around  
The paradise very few saw.

Sea shells are the bed to sleep  
Sea horses to sing lullabies  
Glowing light from flashing fish  
And cherubs and angelfish to guard.

Ocean filled with love and joy  
None to intrude in dreams  
Dreaming a dream of my heart  
wish it would come true.

Rini Shibu

# Milky Way

Like a planet you are revolving  
around an energy  
In the milky way of this life  
Where you are heading  
and where is the ending  
Life is so vast  
like the universe it's expanding  
People around you like stars they are burning  
And a moon specially created for you  
On it's axis around you is always rotating  
Though hide and seek it's playing

Rini Shibu

# Mind The Sailor

Mind is sailing through the ocean of life  
Tireless journey till the last breath  
Working for the body day and night  
Engaged in sewing the dreams and  
train the body to pursue the dreams  
Facing high tides and low tides  
Sometimes encounter scary monster waves  
At time of failures comforts the body  
And moves forward forgetting the past

Rini Shibu

# Missing Someone

Missing someone is so difficult  
A feeling that is killing  
When they mean a lot to you  
Painful when you don't let them know  
Hurts if you don't see them around  
Hard to get them out of head  
But memories keeps you alive and  
Brings smile if they miss you too

Rini Shibu

# Mist

Like mist, you came into my life.  
Surrounded me in your arms.  
Your invisible touch refreshed me.  
The gently scented breeze filled me with energy.  
Caterpillar turned to butterfly.  
Flowers were jealous seeing my colourful wings.  
They uttered the wind to take away the mist and clear the way.  
When I opened my eyes, all vanished.  
Oh.. wind why you took the mist away?  
I saw the mist far in the orchard,  
Giving life to hundreds of caterpillars.  
The glimpse of fluttering wings around the mist.  
All alone, I felt awful, my tears dropped down.  
Those flowers felt pity for me.  
I returned to them.  
Mist! ! I wish to be the scented breeze to dissolve and fade in you.

# Molten Lava

Like a soft breeze you came to me  
Your gentle touch fueled the love  
tide that rolled into my heart  
And I sank in the whirlpool of love  
Things that brought us together  
Drove us apart  
The wind passed away  
Leaving me alone  
Ardent and fervent love for you  
feebledmy heart  
Tears filled the ocean and  
Froze into an iceberg of loneliness  
hidden in the midst  
Your shores never knew  
the depth of my pain  
The waves rumbled at my cry  
Life without you became terrible  
Long sleepless nights  
and the endless pain  
Your memories are buried  
In the bottom of my heart  
Like a volcano, it's erupting  
And consuming me forever.

# Morning Star

Bright and radiant when you rise  
In soft breeze butterfly flies  
Time when all the birds queek  
Beautiful sight for who seek  
It is so lovely when you shine  
In the small world of mine  
You are unique my morning star  
To strengthen me from afar  
Suddenly somewhere you disappear  
Make my vision not so clear  
Dark clouds slowly sliding  
Behind the curtain why you are hiding  
The gust of wind swept into my heart  
Thunder roars and lightning sparks  
showers of love wipes all marks.

# My Blue Butterfly

My blue butterfly has lost its way  
It fluttered and flew when trees swayed  
Now no more are found around my garden  
My blue butterfly's heart has hardened  
It realised that no more  
nectar is left with me  
Now my cherry blossom is pale  
and has lost it's beauty  
My blue butterfly has found a new garden  
far away among the blue bells  
It flapped the wings at me before leaving  
shedding its love  
Still I remember the mesmerizing sight  
Of my garden  
The fragrance once it has spread have been lost  
and the air is dry  
There is no more breeze to pass by  
Everything is gone and all the fun has been lost

Rini Shibu

# My Heart Is Booming

It's time for moon to be mine  
And the sun refused to shine  
Got you once again into my life  
Never lurk behind the clouds  
Am flowing like river into your world  
Immersed in scented breeze of lavender  
Drenched in the luminous silver rays  
My heart is booming once again  
And love is glowing on my face

Rini Shibu

# My Heart Spots

Because I care for you  
And yes I love you

Rini Shibu

# My Hero

Why this distance and  
the silence between us  
Suffocates me  
Restless here I am

Can you break this silence  
Fill this place with laughter  
Once again walk close together  
Hand in hand, dance with beats

Let's change our steps  
Love me more and more  
You are my hero  
And I am all yours

Rini Shibu

# My Little World

The colors you sprinkled on me  
Lighted hundreds of lamps in my heart  
The glow is spreading in my home  
To fill the life with happiness and warmth  
Your love and care adding fun  
When cute little kids you gifted me  
This beautiful world of mine  
is heaven full of joy and laughter

Rini Shibu

# My Sunshine

My sunshine where have you gone  
my sunshine  
I am waiting since morning  
Come and drape me in your warmth  
But you are hiding somewhere  
Now the day has become night  
And the night has prolonged  
I have to wait for long  
My sunshine where have you gone  
My sunshine  
Sometimes you burn me in anger  
Your face go so red  
And I fear to look at you  
Still I wait for you  
Till you calm down  
Don't let me wait for long  
Come and drench me in your love  
My sunshine where have you gone  
My sunshine  
I know you peep at me at night  
The moonlight is the reflection of your love  
and it proves that you can't leave me alone  
My sunshine where have you gone  
My sunshine  
You make me confused  
at times of eclipse  
If I look at you with my eyes  
I will be blind  
Still I will be longing for you in the dark  
Till you pour light on me  
My sunshine where have you gone  
My sunshine

# Never Underestimate

Walking on the streets all alone  
She heard the whistles so loud  
She pulled her skirt a little bit  
hiding her face in hair, soft and silk  
They looked at her like a beast  
The lust within them never ceased  
She called for help no one heard  
So she made them cry kicking the rod  
They thought she is very soft and weak  
Never again in lust they freaked

Rini Shibu

## No More

Once it used to write songs  
And shade beautiful pictures  
Now It has lost it's color and ink  
The pen which used to write for you  
The ink which you forgot to fill  
No more it will be the same  
Coz it has rusted and hardened

Rini Shibu

# O Piya

Teri yaad jo Aye

Ithna muje sathaye  
Yeh gam nahi mit paye  
O piya yu na satha  
Ake gale lagja  
Sunle meri dadkan  
Bas yeh dhadke tere liye  
o piya Jee karthahe  
In panchiyo keh tharah  
Udke tere paas aau  
Yeh dooriya yeh phasle  
Yuhi mitjayeh  
Aur kahu aakeh tere paas

O piya marjau tere bina

Rini Shibu

# Old Age

Buds burst forth from the trees in spring  
Leaves reappear once again  
Withstand winter when cold dooms the leaves.  
Eagle emerge from hibernation  
Regains strength and pursues it's prey  
They never lose hope when feathers are weak.  
The conditions change in life  
Hair turns gray and skin wrinkles  
Allow your inner beauty to shine  
Regain the power and ability.

Rini Shibu

## On Behalf

Capture this heart into your soul  
And then try to console  
Weeping is my heart  
Missed its beat, it's hard to start  
One day you will find the rust  
Then you won't be able to scrap the crust  
Lost it's key, never it will laugh  
The mind will talk on it's behalf

Rini Shibu

# Opportunities

It's hard to play  
and win a game  
Easy to throw away  
Opportunities that came  
But your mind sways  
in deep distress  
Interest fades away  
over time due to mistrust  
Nothing will be left  
to hold on and climb  
You will be in the cleft  
And the impact lasts for a lifetime

Rini Shibu

## Part Of My Life

Everyday is special  
You make it different  
Every night is magical  
You make it wonderful  
Every moment is memorable  
When shared with you  
You make my life sparkle  
Like myriad stars in the sky  
You are the reason to smile  
Your absence make me sad  
A life without you is hard  
Because you are part of my life

Rini Shibu

# Peace Of Mind

Never never again  
Do this again  
Echoing in the mind  
Do always the right  
Who said it is right  
How this became wrong  
If mind perceives wrong as right  
There won't be any wrong  
Nor any right then  
All that exist will be peace of mind

Rini Shibu

# Perfect Choice

Deep down in the ocean  
I searched among the thousands  
And I found the real oyster  
Holding the pristine pearl

The pure and lustrous gem  
adorn the heart of mine  
The precious pearl that I have  
Is the perfect choice of mine

Rini Shibu

# Perfect Night

The aroma of the perfect night is more  
pleasant than the smell of roses  
The dryness of the summer  
becomes cooler than the mist  
When you feel deep vibes in silence  
When your eyes are closed  
And you hug your dreams  
Though everything is dry  
There is hope within you  
Then you could feel the joy of love  
When the moon is above  
Leaving a little wetness in your heart

Rini Shibu

# Perils

Away from the freezing cold  
Away from the conifers  
Arduous journey in search of warmth  
Tireless flight with hope in heart  
Heat and storm so harsh to survive  
Awful weather dispersed them all  
Twittering of birds heard no more  
No trees to sway in the wind  
Gurgling and splashing waters lost  
Wide eyed owls fluttering around  
The predators to hunt in the dark  
Cacti and bushes are only to perch  
They prick and hurt make me cry  
Wounded wings no more I can fly  
Memories of home where I belong  
Yearn to fly back crept inside.

Rini Shibu

# Perpetuity

Sun rises from the darkness  
And the moon lurks in its brightness  
Day precedes after every night  
To make earth more bright  
Hot summer is followed by autumn falls  
Golden beauty wraps the death call  
Winter is followed by the spring  
And breeze swirls on its charming wings  
There is the reason for every returns  
And the cycle continues on its turn.

Rini Shibu

# Pictures

People come and go in our life  
They are the pictures  
Sketched in our mind  
Either remembered or forgotten  
Some are like pictures  
on the wet sand  
Washed out by the waves  
Some on the white board  
intentionally rubbed by the duster  
Some are like screen saver on the desktop  
one is replaced by another  
And the pictures sketched in the heart  
are hard to be erased

Rini Shibu

# Planet Of Snow

I have a story to tell  
The story of a girl  
A girl like snow  
Who melts in your love  
So kind at heart  
From her heart you can't depart  
If she is the cold snowy morning  
You will be like mist around  
The sun envies her beauty  
But she is always our sweetie  
So soft like cotton candy  
Her smile makes all happy  
she is the words in poetry  
alive in the minds of you and me

Rini Shibu

# Pleasure

Cool was the night but hot from inside  
Clouds whispered to the wind  
I will come to you as rain  
Night snuggled close to the breeze  
drenched by rain  
When they met everything froze  
and fire dropped down reaching the cliffs  
The pleasure within the core  
gave earth her offsprings

Rini Shibu

## Poetry Within A Poet

Poetry is infused in the blood of a poet  
It circulates in his or her body  
And it is filtered and extracted by the chambers of the heart  
Lungs rejuvenate it to make it alive  
Then it reaches the brain  
where it is converted into words  
And the mind commands the fingers to publish  
Thus the soul of a poet is satisfied

Rini Shibu

# Poets

Do you see what I see  
Do you hear that I hear  
Do you feel my feel  
Yes then we are the same  
We are the poets over here  
With same thoughts and views  
No matter the color  
No matter from where you are  
We are one and we love each other  
It's not the loneliness or any pain  
But it's the flow of powerful feeling  
which binds us together

Rini Shibu

# Precious Gem

Every second every moment  
i think of you  
every now and then  
Come to me  
Walk with me  
Never leave me  
and promise me  
to live with me  
Life is so beautiful  
Waiting to bloom  
for you and me  
In my dream  
you held my hand  
Took me to the sky  
Heaven rejoiced  
and angels sang  
Showered flowers  
and you kissed my hand  
This life is once  
Offered to you and me  
Take this chance  
Live the fullest  
So never regret  
for the gem lost in hand

Rini Shibu

# Priceless Love

Search for love is endless  
The true love is priceless  
Fake people are everywhere  
to hurt you and don't care

Search for love is foolishness  
Throw away this madness  
Learn first to love yourself  
No one can love as yourself

Rini Shibu

# Pure Feelings

Some feelings are hard to express  
Difficult to put in words  
And circumstances don't allow  
to embrace  
These are meant to be felt  
The pure and true feelings  
which is right from the heart  
If unnoticed or ignored  
gives the pain beyond words  
It's the time you would  
like to be in the crowd unrecognized  
And like to be miles away from now

Rini Shibu

# Queen Of Silence

New experiences in the utter silence  
Which I have never felt before  
Through the ways no one walked before  
The crispy leaves whisper to my feet  
Keep moving though you are alone  
Shades of trees are there to hug and envelope  
The wind to kiss my cheeks and blow my hair  
The sunbeams through the woods  
To reach out and sparkle my eyes  
Birds sing you are the queen on this earth

Rini Shibu

# Queen Of The Night

You cant deny your  
love for the moon  
You can't live without light  
in the dark  
Look at the beauty of moon  
in the sky  
Surrounded by the winking stars  
The sun is lurking behind  
but still giving her his love  
Are you jealous of her charms  
Or you feel you don't deserve her love  
You can't hide from her  
because she is always watching you  
And waiting to drench you in her love  
She is queen of the night

Rini Shibu

# Ramp

The music was played and  
she walked the ramp  
She became the beauty icon  
and queen of fashion  
All eyes were scanning her  
She became a piece of flesh for their fun  
No one saw the beauty of her heart  
But the embellished garments  
and her style captured their sight  
Her smile and sharp look silenced the crowd  
But a loud applause filled the hall  
She walked back and looked at the mirror  
Asked herself whether a loser or winner  
Then laughed at her lonely charm  
Which put trust in any arms

Rini Shibu

# Ravishing Beauty

The leaves are yellow and fallen off  
The water is dried and the land has cracked  
No more smiles and the beauty is gone  
Love has gone and you are dead  
Once the sun protected this earth  
But now it ferociously turned to destroy  
She sobs in the murk of foggy nights  
Prays for the cool breeze  
And brightly colored spring  
Once again the golden rays will fall  
And her ravishing beauty will be restored

Rini Shibu

# Reality And Boundaries

Why to pursue the dreams  
Which don't belong to me  
Why to chase dreams  
Which are no longer mine  
Sparkling so bright making me blind  
Is it Diamond or just glitter?  
Sometimes the truth may hurt  
And my heart may bleed  
Better to collect pure pearls and pebbles  
From the deepest ocean of my dreams.

Rini Shibu

# Reasons To Smile

You may not have the blue sky  
always above your head  
Sometimes clouds do appear  
Of course a sunny day is pleasant  
and gives you warmth  
But a rainy day is refreshing  
and puts a smile on your face  
All are different phases of life  
and have its own reason

Rini Shibu

# Red Roses

Those days were gone  
When I was your flute  
and you were the breath  
Together we produced  
mind blowing tones  
Flute without a blow  
is a dead piece of wood  
Burning into ashes  
in the fireplace of memories  
giving you warmth  
Wish those ashes you would add  
in the pot of red roses  
So I can give a fragrant retreat  
and adorn your mind and soul

Rini Shibu

# Relationships Are Like Crystals

Relationships are valued as precious gem  
Sparkle like crystals if true and pure

Glow more if you clean and polish  
To be Handled with care or it may break

If cracks appear it is hard to repair  
Once broken it shatters forever

If you glue the pieces to put it back  
It never regains its original beauty

Rini Shibu

# Reminiscence

We jumped and screamed in delight  
When the ice cream man arrived with his cart  
ringing the bells from afar  
chocolate, vanilla and strawberry  
Were the favourite popsicles and ice creams  
We walked along the streets licking sugared sticks  
The golden moments spend with friends  
Are the cherished memories of my childhood  
Swings were hung on mango trees  
Touched the sky with our feet  
Swayed with wind in the fields  
Flying paper planes and kites  
Blowed the seeds of dandelions which  
Carried thoughts to the loved ones  
Made paper boats on rainy days  
floated in small puddles on the roads  
The butterflies and dragonflies fluttered around  
The Sweet memories to wrap around

Rini Shibu

# Rest In Peace

The tears cannot heal  
the deep wound of the heart  
The unbearable impulse  
Which hurts every part  
Wish if it squeeze  
and ruptures the heart  
Never again it will beat  
Never it will give ache  
The breath will be ceased  
And can rest in peace

Rini Shibu

# Restless

Restless when you are  
And your heart is beating very hard  
You are pacing to and fro  
Thoughts are flashing so fast  
Fear and anxiety are at the peak  
Nothing you are able to speak  
Are you right in others view  
When things seem to go wrong  
And life is at the edge of rock  
Should quit or move on  
In the end you will be alone

Rini Shibu

# Rock N Roll

Babe dance with me  
Sing with me  
It's time to rock  
and make love  
As the drums beat  
faster is my heart beats  
But you are with me  
to sip little whiskey  
and then I miss my beat  
The light is dim  
But the love is bright  
And the love you give  
Is the light of my life

Rini Shibu

# Romeo And Juliet

He filled the ink of his pen  
with tears that rolled down her cheeks  
Touched the nib on her heart  
to turn her sorrows into glee  
The girl who bloomed his world  
have done magic on his pen  
He started scribbling songs  
expressing his love  
and spilled the ink for us to read

Rini Shibu

# Royal Falcon

Brown and white feathers so mesmerizing...  
Love to see you floating in the sky..  
Strong and untiring wings takes you high up in the sky...  
You fly at a pace that no one can reach by your side...  
Lovely to see the way you descend..  
Target and capture every soul you desire..

Rini Shibu

# Sailing To Eternity

The rise and fall of the tide  
Drifts the Yacht towards the destination  
You are at the helm  
and compass is in your hand  
Move forward to the desired direction  
The sea may get rough and wild  
The weather may fickle  
A heavy gust may hit the boat  
And may get seasick due to heavy rolling waves  
The thought of dreadful storm may make  
the sail impossible  
But unless there is courage  
To leave the shore  
You will never discover new  
ocean and land

Rini Shibu

# Save Me

Rays of hope through the skies  
Kissed the heart of mother land  
Clouds smiled, swarmed her love  
Arch of colours appeared on high  
Blessing showered from the skies  
Tore my body and gave lives  
Caressed and nurtured in my arms  
Awesome was the lush Greenery  
But you became selfish and merciless  
Butcher's slaughtered and made barren land  
Brutally destroyed my winsome beauty  
You wiped out all the trees,  
Made me weary and dry  
No more I can quench your thirst  
You made me ferocious,  
You will see my anger  
As tsunami, cyclones, earthquakes and flood  
Hear my cry, save your mother  
Before I swipe you from earth.

Rini Shibu

# Scars Are Worth

Healed are the wounds  
but marks still remains  
It can't be erased  
they are scars of memories  
These scars tells a story  
Each story have a lesson  
And reminds how you overcame  
the stabs and bleed  
These scars are always worth

Rini Shibu

# Scratches

Some unspoken words hit softly  
Leave a scratch without any pain  
Cause the tiny blood vessels to break  
Droplets of blood ooze to the surface  
Then you realize that small cuts can bleed  
May press and cover, not to be seen  
For days you may keep concealed  
Tiny unerasable scars start to form  
Now you wish for the spoken words  
Which give little pain but no scratches

Rini Shibu

# Sea Shore And The Pebbles

Walking along the sea shore  
Seagulls flying off the shore  
The Wind is singing a new song  
The cool breeze and the smell of salt  
Sweeping through my soul  
The Sun is sinking into the sea  
The waves rolling towards me  
The sand drains to tickle my feet  
Leaving the pebble on the floor  
So shiny and sparkling to adore  
Shaped by the splashing waters  
Engulfed by the roaring waves  
Touched by the deepest floors  
Eroded by the scary turbulence  
The pebbles traveled miles and miles  
Reached out and touched my soles

Rini Shibu

# Shadow

I'll be there for you like a shadow  
When you are hopeless and helpless  
Walk with you in your sorrows  
and give a hand when sinking in pain  
Will hug you tight when you feel lonely  
you 'll experience my invisible touch  
You won't see me, but feel my presence  
the warmth or a chill in your heart  
This is the way I am  
And i find happiness for as I am

Rini Shibu

# She Left Him

Flat line on the screen  
No breath and beats  
Only tears and screams  
She left him forever  
But gave lot of sweet memories  
to treasure forever

Rini Shibu

# She Snapped The Neck

A red eyed vulture flew over her head  
Shadows of wide opened wings fell on her  
It came to her life like a twister tornado  
and it was hard to withstand the blow  
Darkness surrounded and nothing was visible  
It made her blind and very much frightened  
Targeting it's prey it flew towards her  
But it didn't notice her brilliant move  
She snapped it's neck and chopped it's wings  
Never again those dark shadows appeared  
Then she said 'I am not afraid anymore  
and no force can touch me evermore.'

Rini Shibu

# Shower

Water is sprinkling from above  
Drop by drop as it falls on me  
It wets my soul when I am soaked  
I feel cold as it chills deep inside  
Everything is washed and cleansed  
Renewed just in a blink  
Count the drops dripping through your hair  
These are the moments of freshness  
The peace I receive is beyond words  
The tiny droplet that settles on glass door  
Though it blurs the vision  
Just needed fingers to wipe away  
To see the clearer image a few feet away

Rini Shibu

# Silence Is Killing

When you hesitate to say words  
which may hurt the feelings of others  
The words you lock in your heart  
But still your silence speaks a lot  
Those unspoken words are killing  
Because your unspoken words fill the air  
and It flows into those hearts  
Making them more restless  
Better you speak and finish it off  
It will hurt just once  
Than the endless pain of your silence

Rini Shibu

# Sing Me A Song

Sing me a song birds of the sky  
Take me with you to the heights  
On your wings in my dreams  
Show me the most fascinating views  
Above the sea and the clouds  
Over the mountain and valleys  
Then to the lush green bed  
Beneath the shade of cherry blossoms  
Sing me a song and make me sleep  
untill I wake up from my dreams

Rini Shibu

# Sip Up

A sip  
One more sip  
Slowly I slip  
On your lip  
Grape wine drips  
Enjoy the sip  
You start to flip  
Then we dip  
In love and go for a trip  
Which we never skip

Rini Shibu

# Sips Of Love

Drops of love  
sprinkle on me  
When fog  
Is around me  
Like snowflakes  
melt with me  
Then like hot  
coffee sip into me  
And the look of  
your sexy eyes  
Kills me with  
your bites  
On this cold  
morning  
Like a blanket  
as you cover me

Rini Shibu

# Sleep

The shutter is closed  
and the screen is dark  
The reel starts to unroll  
Eye ball starts to move  
At this moment movie  
is played  
Am there in the midst  
of colorful dreams  
Body is light, mind is calm  
and I float in dreams  
like a fairy to the land of fairies  
The reel gets jammed and  
Shutter opens, lights flashes  
And life begins  
in search of colors

Rini Shibu

# Sleep Tight

Sleepless nights are worst  
When is mind full of thoughts  
And the night seems long  
When darkness surrounds  
No stars are in the sky  
Are they shy  
The moon is hiding  
And clouds say it's raining  
The night is quiet  
And I wish to sleep tight

Rini Shibu

# Smell Of Incense

As the smoke lifted high  
with the smell of incense  
My words reached unto him  
And angels descended from the sky  
Which lighted candles in my life  
And peace bestowed upon me  
His love is endless  
and promise is enduring  
He will never leave me and  
I am no more alone to face this world

Rini Shibu

# Smell Of The Dead

The breeze softly came and  
brought me the smell of dry leaves  
When It swept through the dryness  
Rustling and swishing of leaves I heard  
I sensed the mustiness of the dead  
Tears rolled out of memories  
My heart is breaking oh gentle breeze  
Come back to me I am waiting for you  
I wished to see once more those greens  
Bring to me the freshness of scented flowers  
One more time, the kiss of life  
Be with me for one more day

# Smell The Musk In Your Dream

Sometimes you have to turn around  
and face the darkness  
The only option you have  
for your dreams to come true  
You need to walk through  
the treacherous ways without fear  
There is always a way out  
to find the starry sky  
Where you could chase  
the moon you dreamed for.

# Smile On Your Face

The laughter that fills my space  
And the smile on your face  
Brightens my day  
Today and every day  
The little curve of your smile  
Is the light that perks from miles  
And the dimples on the cheeks  
My heart always seek  
You don't have to speak  
It conveys the happiness and sorrows  
Never keep it for tomorrow  
Because the smile is so beautiful  
And It bursts the bubble of love

# Soaked In Pain

Infused with sadness  
And hurt to the core  
Feel to darken the room  
And to lie in bed  
No one to intrude into the space  
Where you can weep  
Soak the pillow with tears  
Ventilate all your pain  
Till it drains out completely  
When the tears dries off  
Thats the time you relax  
And listen to music and sleep  
Then wake up to start a new day  
With joy and happiness  
As if nothing has happened

Rini Shibu

# Sow Dreams

Coiled like a snail  
in the shell of your love  
Stuck inside your heart  
now it is hard to take me out  
Staying close to you  
I can hear your beats  
Together we stand  
and sow our dreams

Rini Shibu

Light it once  
and see the magic  
The sparks fly  
When the flame is high

But love will never die

Rini Shibu

# Spectrum

Spectrum of thoughts  
flashed into my mind  
And i painted with a brush  
to make it visible to your eyes  
Bright and dull colors

Is the mixture of thoughts  
of my confused mind  
This painting is a poetry  
which reflects a poets mind

# Squirrel

A squirrel is the furry creature  
Bushy tail is their main feature  
The three stripes on their back  
Drew by Rama says some legends.

They jump from tree to tree  
In search of nuts and seeds to eat  
Clever and lovely little squirrel  
Love to dig and burry nuts.

# State Of Mind

Purpose and plan is in his mind  
Complicated map is in your hand  
The way is narrow and door is locked  
Where to start and how to end  
Puzzles and riddles twisting in mind  
Face is blank with a smile

# Stay Connected

If love still persist in your heart  
And you wish to be connected  
How can you let it go away  
The irresistible feeling  
which can't be blown away  
If You wish to keep and hold  
At this moment you ought to be bold  
Take your pen and let the ink start to flow  
And your writings for love will ever glow

Rini Shibu

# Step On Feelings

When someone step on your feelings  
Which is hurting and disturbing  
Feelings which you want to get rid off  
And blame yourself for being in that situation  
Remember, emotions are part of our life  
You are normal to be sensitive  
But you are molded to face life  
A person is dead without such emotions

Rini Shibu

# Stepped Into My Life

Stepped into my life  
an angel  
Took me up from the depth  
of sorrow  
Poured on me the light  
of happiness  
Promised to hold  
my hands  
Decided to never  
abandon me  
Filled my heart with  
peace  
Showered upon me the  
endless love  
And the joy in my heart is  
beyond words

Rini Shibu

# Stranded On A Lonely Island

In fraction of seconds  
The known becomes unknown  
confused and unaware of the reason  
Haven't been told or revealed  
All of a sudden stranded on an island  
The roaring waves and heavy wind  
to console and accompany  
You are queered and iced  
Deserted and strangled by loneliness  
Wish to be engulfed by the wave  
Just to leave a sigh of emptiness

Rini Shibu

# Strings Of My Heart

Play on the strings of my heart  
before it gets rusted  
Hold me close in your arms and  
let your finger tips softly glide  
I will sing to you whole night  
a song of love for the life time  
To reminisce this lovely moments  
tomorrow I may not be with you  
But you will cherish this moment  
with a new song  
When you will play guitar  
with your wrinkled hands  
My love will be still with you  
resonating in your heart

Rini Shibu

# Strokes And Smooch

The night is so calm  
And I am in your arms  
The moon is there to witness  
And the snow flurries with its wetness  
roll along the breeze through the window  
And I crawl under your shadow  
Your tender and feather touch  
Warm strokes and the smooch  
And the nibble on my ears and neck  
takes me to the cloud decks

Rini Shibu

# Summer Breeze

The summer breeze is at my door  
Shedding leaves across the floor  
Dryness is creeping into my soul  
And my heart is burning as a whole  
Day is long as the sun fully controls  
The sweat drop starts to roll  
Summer breeze don't be harsh  
Softly caress with your warmth

Rini Shibu

# Surf In My Eyes

Dive into the ocean of my eyes  
and surf into my life  
Float into my dreams and  
look into the world from my side  
Capture the views of my sight  
There is nothing much I have to hide  
You will see the truth of life  
And may drown in tears of joy  
Or attacked by dangerous sharks  
But in blink of my eyes days will pass by  
You will reach the shore of sun shine and  
Never blame for surfing in my Smoky eyes

Rini Shibu

# Surfing Love

Like waves of the ocean  
you reached out to me  
And flowed back  
leaving me alone  
on the endless shores  
But the rumbling surf  
Is still talking to me  
stretching arm wide open  
calling me softly  
to step into the wet sand  
and pulling me towards water  
Into the deep ocean of love  
To soak me completely  
Where I can lay my head  
On his wide open chest  
and relax peacefully

Rini Shibu

# Sweet And Bitter Boomerang

Love is sweet  
If it's meant for you  
And if it's all yours  
No matter how far slips  
It will bounce back  
like a boomerang  
But be careful  
If you don't know this play  
It may fly back  
hit and injure you  
And you will say  
Love is bitter too

Rini Shibu

# Sweet Heart

Heart is so sweet  
When it hums a song  
Very sensitive  
When you break the heart  
Heart is always magical  
It captures a loving heart  
Heart is beautiful  
When butterflies flies in love  
Heart is a magnet  
Attracts the opposite soul  
It beats so hard  
When they are close together  
And heart surrenders  
When love is true.

Rini Shibu

# Swing Or A Garland

Some friends are seasonal  
bring forth colorful flowers  
Bloom day and night  
Which last for a short period  
And wither away from your life  
But sow seeds in your heart  
And memories last for life time  
Some friendships grow like a tree  
Deep rooted with strong branches  
They hold you at times of trouble  
And care for you under their shade  
Some are like creepers  
Which spread on you and ruin your life  
But it's your choice  
Whether to tie a swing on a tree  
Or pluck the flowers to make a garland

Rini Shibu

# Take Risk

Things are going on it's own way  
Neither complaining nor whining  
And not expressing your dismay  
With the tide you are flowing  
And not sure to win the battle  
Luckily your boat is not sinking  
In your hands there is no paddle  
To change direction at your will  
This life won't be worth living  
Unless you take the risk  
To reach the place amazing

Rini Shibu

# Taller Trees

As the oak tree grows taller  
from the tiny acorn  
It catches more wind and  
more birds perch on branches  
Reaching taller than other trees  
proudly It sways in the wind  
from side to side on sunny days  
It might be the tallest tree today  
But a strong storm is enough  
to uproot it from the ground  
and in no time the poor tree  
will be eaten by the termites

Rini Shibu

# Taste Of Love

Feel the wetness of love  
when it drizzles  
Drench completely in love  
when it rains  
Burn slowly in love  
when lightening strikes  
But hunger for love  
still remains  
Because you are addicted to love  
once you taste

Rini Shibu

# Tattoos Of Love

Sparkling are your eyes  
When you look into mine  
Hot is your kiss  
I don't like to miss  
My nerve ending tingles  
when you play with your fingers  
My body gets charged  
as you press on me hard  
And the mole on your thigh  
Is my love bite

Rini Shibu

# The Beating Heart

My heart was beating so hard  
And I couldn't sleep  
I checked it with him  
So he took it out to repair  
And never returned  
He locked it safely in his heart  
And lost the key  
How can I break his heart  
To get it back  
Now I don't have a beating heart  
But I can sleep peacefully

Rini Shibu

# The Beauty Of Twilight

Fog is knocking on my window pane  
To see the beauty of the twilight sky  
Birds are flying from the nest  
Splashing dew drops with their wings  
Fragrance flowing along the breeze  
As the lillies blooming in my pond  
Butterflies are fluttering in the mist  
To kiss the charms of the petals  
Hearts are floating on the waters  
Fish is lurking behind the flowers  
And the blue herons are at my pond  
The birds are chirping on the trees  
Sun is peeking through the clouds  
And a great joy I feel in my heart.

Rini Shibu

# The Broken Wanderer

Broken is the heart  
Pieces are shattered  
And dispersed  
Blood is shed  
And drained  
It's pale with this pain  
Everything is taken  
Nothing is left behind  
What is gained  
All in vain  
Wandering alone  
Without any aim  
Hoping one day  
It will be mended  
And the tears will be wiped.

Rini Shibu

# The Burning Candle

The Candle you lit in the dark  
Spreading the light all over  
Your face is shining in the light  
More brighter than ever before  
The aroma is flowing around  
In every breath you smell it  
You cover me from the breeze  
which is trying to blow me  
The warmth of my flame  
You will feel of your palms  
Stay away from the flames  
Or you will be hurt  
The dark shadows are reflecting  
As you come closer to me  
My heart is aching  
Tears are dripping  
I won't see you for long  
I am burning and melting inside  
Soon I will be Consumed by the flames  
And the wax will be scraped off.

Rini Shibu

# The Heat Of Love

Once again the breeze of love  
reached my soul and knocked the door  
To get inside and take control  
Slowly then to freeze my soul  
But it stopped just one breath away  
And lighted fire on its way  
The heat of love then I felt  
Deep inside I started to melt

Rini Shibu

# The Rover

Rover oh wanderer  
Looking for you day and night  
searching for you all these days  
Found you on streets curled in pain  
Broken hearted, you lost everything  
Nothing you gained  
wandering here and there  
soaked in whisky and beer  
Pushing poison into your veins  
Here I am to take all your burden  
Come to me, lean on me  
let's drive into the depth of love

Rini Shibu

# The Season Of Red

Christmas, the season so bright  
With red color everywhere  
The cherries on cookies  
Strawberries and plums on cakes  
A red lit candle on the doorway  
With lots of stars on the street  
And red baubles in your heart  
Santa in red on a sleigh  
Who delivers gifts for kids to play  
Christmas is here, which brings us cheer

Merry Christmas dear friends

Rini Shibu

# The Tunnel

Walking through the perilous tunnel  
Alone in the dark on the long track  
Way is narrow, little space to walk  
A small slip could be a disaster

Each step at risk on the slippery path  
Horrifying rock walls and webs  
Rusty drainage pipes on the walls  
Scary ruins enveloped the way

When fierce train flashed light from afar  
And the whistles heard closer and closer  
Closed my eyes stepping on the walkway  
And the obstacle passed in its own speed.

With hope the journey continues  
At the end of tunnel is the golden sky  
Brighter and shining world for me  
To begin a new chapter in my life.

Rini Shibu

# The Way

You showed me the way  
And then decided to stay away  
I wished to walk together  
No matter what's the weather  
It hurts when you turn your back  
It suffocates me as in the sack  
You left me to be alone  
To stand on my feet by my own

Rini Shibu

# The Weeping Soul

When you are taken away from this world  
In your prime when family is left behind  
When your physical body dies  
And your beloved mourn for you  
The soul has to go to different world  
And it hesitates to leave the loved ones  
Soul which tries to stay with them  
Witness the pain they go through  
Tears rolls down their face  
It's hard for them to live without you  
And the soul rises up to the skies  
And if you beg God to see them  
Just one more time from afar  
And you find them living happily  
Doesn't mean they don't remember you  
But they are forced to live a busy life  
To live normally in your absence.

Rini Shibu

# Thoughts

The intrusive thoughts are like cyst  
which may grow inside you  
Causing pain and discomfort  
When shackled for long in your body  
it may burst one day to create a mess  
Get rid of this mess or just  
Ignore if it is harmless lump of thoughts  
Let it shrink and disappear from your mind  
Be relieved from the pain and distress  
And attain a lasting comfort

Rini Shibu

# Thrive And Grow

A caterpillar struggles inside the cocoon  
Striving to come out to see the beautiful world  
If it does not thrive how could it be free  
But somehow it will get the drive to break the shell  
And it flies adding colors to nature  
Then it realises the beauty which it possess  
Is much more than that of nature

Rini Shibu

# Through The Dark Woods

Danny and Eila were on a drive  
Through the woods on a foggy night  
Crickets were singing in the dark  
Leaves were making music of love  
and wind whistled around  
The moon was hiding in the clouds  
No stars twinkled in the sky  
Eila's odor filled the car  
A bottle of beer between the gap  
They enjoyed the ride through  
the haunted road  
Flashing light on wet grass  
And the romantic night kissed them both  
The wind became still at the sight  
And the two lovers disappeared in the dark

Rini Shibu

# Tick Tick

I am the needle of your wrist watch  
Who is alive day and night for you  
Every second every minute  
I'm trying to be with you  
Close to the wrist  
I keep ticking on your veins  
Open the door of your heart  
let me match with your beats  
You kept me safe in the crystal  
and take me for a tour  
And I will be dead if you don't  
Charge my cell in between

Rini Shibu

# Tigress

Her love was pure as dove  
And songs sweet as of nightingale  
She was a wild tigress  
Who got entangled in his hair  
The cool breeze and magic spell  
Made her his sweet little kitten  
Soon she forgot to roar  
But he taught her to do meow well

Rini Shibu

# Tiny, Slimy, Worthy

When life is threatening  
And little bit frightening  
Hiding inside the shell  
I Cover myself like in hell  
Carrying all the loads  
Gliding on roads  
When I am alone  
You will see my tiny slimy face  
Peeping out of my case  
People think I'm ugly  
But why do people hate snails like me  
I eat the leaf litter can't you see

Rini Shibu

# To Be Childlike

Forgive me for hurting your feelings  
Which my selfish mind never cares for  
I always wanted to be loved  
And to occupy the small space in your heart

Forgive me for being childlike  
Who likes to have fun and play a prank  
But my feelings for you are pure and  
I always want you to be by my side

Forgive me for the interference  
In your personal life  
I thought that I am part of your world  
And so you are in mine

Forgive me for loving you so much  
Never intended anything bad  
I tried to be your best buddy  
Who can make you feel better

Rini Shibu

# To Infinity And Beyond

Your deeds should be like a tiny stone  
thrown into the vast lake of world  
Small to the eyes of many  
And when you sink to the bottom  
of this life in pain  
Not been recognized  
Hiding somewhere from the sights  
But you will never know  
the ripples you have created  
reached deep down in the hearts  
starting from a pin point  
reaching to infinity

Rini Shibu

# Touch Me Not

Touch me  
Touch me not  
In shyness I will shrink more  
Don't come near me  
You will be hurt  
And you will bleed  
if you get the pricks  
On your finger  
I will kiss  
Don't miss  
Touch me  
Touch me not  
Believe me or not  
I am open if you  
won't harm  
Don't leave me  
I am alone  
You gonna kiss me or not

Rini Shibu

# Treasure Chest

When shall I open and see the treasure  
from the treasure chest I have found  
The treasure which I haven't seen  
And the key which I haven't received  
Just waiting for me to be opened  
The more it is getting delayed  
the more impatient i am  
making me anxious and curious  
But this wait is giving me pleasure  
And a want to live more too  
Because one day it will be revealed  
When the key will be found  
And the treasure will be owned by me

Rini Shibu

# Tricks

Change the way you once played  
Start again, don't be afraid  
Life is a game play it  
Make use of the chance, you will get it  
Play tricks in the game  
Sure you will win and get your fame

Rini Shibu

# True Color

Let the light of your eyes  
Pass through the heart  
You will see the rainbow  
Which is hidden behind  
Believe what you see  
the true colors of the being  
The clearer and real color  
dispersed by your sight  
Not through other's eyes

Rini Shibu

# True Friendship Last Forever

When I am weak you make me strong  
In need you appear to me some how  
When I am confused you untie the knots  
When I feel blue you cheer me up

No matter how far you are  
No matter if seldom we talk  
You are close to my heart  
Your memories talks to me a lot

Rini Shibu

# True Love

The night is so calm  
Your are in my arms  
Now close your eyes  
Looking into mine  
Come close to me dear  
Your heartbeats I can hear  
No one can separate us  
Yes I am yours thus  
My heart sings for you  
And my love for you is true

Rini Shibu

## Two Kites

Sunny day in the open meadows  
So fun when the kites flew  
Soar off the ground like rainbows  
Two kites flew, the wind blew

Gust of wind took them higher  
Trees swayed and leaves danced  
Pulled the strings all the fliers  
Ran behind as the kite advanced.

Sudden turbulence hit the kite  
Kites swung high up in the sky  
Strings tangled and knotted the kites  
Along the hills kites flyby.

Rini Shibu

# Unaware

Searching for love everywhere  
But you can't find it anywhere  
Because love resides somewhere  
Deep in your heart, yes right there  
So stop wandering in despair  
It is always with you but you are unaware

Rini Shibu

# Unconditional Love

You loved me when I was in your womb  
You loved all the kicks inside your womb  
You loved the pain to bring me out to this world  
You cried when you first heard my cry  
You kissed when you first saw me  
You took me in your arms, called my name  
You smiled when I wet your cloths  
You enjoyed when I pulled you hairs  
You taught me how to walk  
You watched me while playing  
You loved when I bit your fingers  
You taught me first ABCs and how to count  
You hugged me when I made mistakes  
You watched me growing each day  
You supported me in my teens  
You were worried when I was away from home  
You counted every seconds till I returned  
You waited phone calls to hear my voice  
And I realized the value of your love when I became a mother  
Still I am your precious baby  
Your love is unconditional  
There is no love other than yours mom.

Rini Shibu

# Undiagnosed

Buzzing a song flew around  
Quietly crossed the barrier  
Entered into the blood streams  
And slowly spread into the body  
Temperature shot up  
And worsened with the pill  
Became restless and started sweating  
No one could diagnose  
what sickness it could be

Rini Shibu

# Unity

Feel the warmth of others palm  
its the same blood you and me have  
Hug and listen to the beats  
It's the same pumping heart we all have  
Look into the eyes, search for the untold pain  
Everyone here have their own story to tell  
And the words are poured in their own style  
Love and respect the feelings  
We are one, let's join our hands  
Lock them together through poetry  
And let our mind be full of peace  
Because tomorrow we may not get this air to breath

Rini Shibu

# Unseen Gem

It's hard to predict  
The shape and color  
of an unseen gem  
The worth of it  
how could be decided  
Unless you touch for it's purity  
The endless journey  
for the unknown treasure  
A never ending search  
for the rarest diamond  
The day when it is found  
You will glow even in the dark

Rini Shibu

# Unwanted Weeds

The unwanted weed that grow  
in the garden, watches your way  
It curls and lurk behind the pine trees  
But you always pluck and clear them away

Just like the true and unditchable love  
They love to grow among your dreams  
Creep and spread in your lawn  
And love live close to your streams

Rini Shibu

# Vampires

Never turn back  
And look at your sides  
Many are there like vampires  
You have to move forward  
saying goodbye  
Though everything is looted  
and nothing in the hand  
You have to live with a smile  
Nobody is left to wipe your tears  
No one is here as your own  
In this journey you are left alone  
There are bumps and gutters on the way  
But you have learned to hop from mistakes  
So move on as you can't stay

Rini Shibu

# Veil

Fake face and fake smile  
Hard to change their style  
Eyes can see who you are  
Still try to act like a star  
Why this veil between us  
It will create lot of fuss  
Transparency clears the mind  
Why this haze, be kind  
Give a chance to see you  
Let the real beauty glow in you

Rini Shibu

# Vessel Of God

You choose me from the pile of clay  
to turn into a perfect piece  
You kneaded me with your fingers  
Made into soft piece of lump  
Placed me on the wheelhead of this life  
On the spinning wheel a new shape I got  
but my mind and soul was not in peace  
During trials and struggles I was weak  
You burned me in the kiln  
Made me a strong vessel  
Embellished me with attractive colors  
And filled me with your wisdom  
Beautiful and winsome is your art

Rini Shibu

# Vicarious Pleasure

Saplings and trees so wild and mysterious  
You took me to the magical woods  
Twisted roots and mossy rocks  
Enchanted my imagination  
Vicarious pleasure which you provided  
Lying on those mustard flowers  
Promises we made  
To make our dreams a reality..  
Walking on your footsteps early in the morning  
Through those wooden footbridge  
Sound of water underneath  
Glimpse of mountain ranges under bright blue sky  
Nightingale singing songs of love  
Far across the meadows  
Where Sheeps rearing  
Smell of steam still in the air  
Our first journey along those valleys  
Fabulous view of Castles, hamlets and church bells through the oaks  
Beautiful flowers by the river side  
Moments that takes me to wistful mood.

Rini Shibu

# Vodka

Concious mind keeps away  
Unconscious mind keeps nearer  
The feeling which I get  
Be with me now and then  
Your Love is chilling  
Like an ice cube in the vodka  
So pure and crystal clear  
Crazy to sip again  
Slowly in every sip  
Like the touch of your lips  
Your love is intoxicating  
Spreading all over me  
To dissolve you in me

Rini Shibu

# Voice Of Silence

Listen to the voice of silence  
At night when the whole world is asleep  
Where there is nothing to distract you  
You will realise that  
there exists no place on earth  
without its own voice  
Listen to the music of nature  
The wind swirls and twirls  
And reach out to you  
to whisper a new song  
Raindrops and clouds play orchestra  
on a melancholic rainy night  
Leaves talk to the swaying trees  
about the chirping of birds  
The splishing and splashing  
of waterfalls and rivers  
And the roaring waves of the sea  
echo in your ears  
And at last when you shut down  
the doors and windows  
to sense the utter silence  
The crickets and lizards still talk to you  
Then close your eyes and sleep  
Still your breath and heart sings a lullaby for you

Rini Shibu

# Waiting For You Darling

Waiting for you babe  
Come to me  
Waiting since long  
don't prolong  
It's so tiring  
Are you coming  
Oh my darling  
Your voice is echoing  
In my ears  
And the earring is dangling  
by the call  
Oh my darling  
My lips is singing  
Is it shivering  
Saying just one word  
it's your name  
Can you hear it  
My eyes are blinking  
Is it twitching  
Yes something good  
to happen  
Yes my darling

Rini Shibu

# Warming

Sun drenched over the land  
Through the slits in the sky  
Ponds and rivers are drying  
In hunger and thirst people are crying.

Deep Cracks in the land  
Dried up the trees and the plants  
In heatwave forest burning  
No air to breath lives are suffering.

In the warmth glaciers are melting  
Climate changing and sea rising  
Floods and storms are increasing  
Save earth stop this warming.

# Western Melody

Western breeze sweeps through the leaves  
They rustle together singing a melody  
Whispering to the buds of the spring  
Gently to sway with the trees  
The flowers fall like rain from heaven  
And a bed of blossoms covers the ground  
Lying among those scented foliage  
my heart rejoices  
The blades of grass poke me through  
the tiny gap  
To see the sunlight through the dew drops  
The gift of freshness nature celebrates  
As every living being inhale the scent  
in the air

# When Clouds Collide

Flying in the sky like a dove  
They are the floating clouds  
When love ignites  
In passion they collide  
Rumbling sound vibrates  
Deep inside heat generates  
The lightening strikes the heart  
And the spark of fire lights thier love  
Till it rains to cool the mind.

# Whirlpool

Trapped in the whirlpool of words  
your emotions have been stirred  
Pulling you to the deeper floor  
To explore the gems at the seabed  
And you are caught by the tentacles  
then you are hemmed in poets mind

# Whisky

Give yourself to me  
you are mine  
This night is ours  
Dipped inside the whisky  
Oh my chocolate chipped cookies  
Swarmed in love  
Whole world is under our foot  
You are my food  
Mashmellows dipped in chocolate  
Is the taste of your lips  
Your eyes are so sharp  
Pierce deep inside in me  
The ache of love  
Make me dead  
I am completely yours  
Let's fade in this whisky

# Whispers Of Love

When you whisper to me  
Music of love  
flows into my being  
As you play the flute on me  
and softly blow on to my neck  
you make me giggle  
It triggers passion in my heart  
to unlock the desires  
And it fuel the love in me  
Now I want you more  
draw me more closer  
I am in love honey  
And I can't live  
without you  
I am born for you  
and you are for me  
Together we can make  
this life beautiful.

# Who Am I

I am simple I have my own way  
No matter what others say  
Acting is my passion and my hobby is writing  
My mind is reflected in my writings  
Reflections are my expressions  
Expressions are made of different emotions  
Sometimes sad, sometimes happy  
Sometimes romantic, sometimes childish  
Sometimes I sing, sometimes I cry  
What flows from mind I write in notepad  
And Poemhunter is the best platform to publish

# Wipe The Tears

The blow of the wind hit so hard  
The impact of it was very bad  
Injured and damaged the very being  
Total destruction is seen

Nothing left, life got ruined  
No one is there to sing a tune  
Only thing left is tears  
Taking last breath without fear

Hear the cry of every being  
Make this land perfect for living  
Join our hands and add colors  
Wipe the tears and love one another

# Without Romance

If ever you leave me alone forever  
I will say yes I can still live  
Because I lived my life with you  
And it was awesome  
The life ahead without you  
Will not be a life  
I will just follow the path  
Which life has to give  
it will be a second chance  
a life without romance

# Words

Words are like sand grains  
In this vast deserted life  
Where it forms dunes and oasis  
to bloom your mind

# Wrong Dice

You make all confused  
'coz different faces you use  
Sometimes ferocious like a tiger  
Sometimes spread your web like a spider  
You come with a bouquet  
But carry a gun in your pocket  
I can't understand you  
the real man within you  
The curtain which you keep  
Is just to hurt others so deep  
What you gain giving all this pain  
But remember soon you will be in chain  
You won't win this game  
Soon you will lose all the fame

# Yes Or No

Say no when you don't like it  
Say yes and admit it  
when you are wrong  
Yes or no is a small word  
But it makes a big difference  
When used confidently  
and of course without an ego

# Your Cherry Blossom Queen

I am your cherry blossom  
Girl so pretty and awesome

Strawberry is my lips  
sure you will love to sip

Sweet to taste and fruity delight  
Soft and juicy when you bite

My love will set you on fire  
You can't resist, quench my desire

Kiss me honey very tight  
That's only I wish for tonight
